ALLAN, Elizabeth
Recollection, familiarity and the frontal lobes: the effects of healthy adult aging.
Dr Sarah MacPherson

ASHENHURST TREACY, Marcus
‘Why marine-blue is not Bleu-marine’: the influence of colour names on colour preference and purchase intention.
Dr Thomas Bak

ASHURST, Rebecca
An Investigation into the relationships between personal characteristics, eating behaviours and body dissatisfaction.
Dr Michelle Taylor.

BAILLIE, Sarah
The Sex difference in jealousy in better explained by a sex difference in emotional jealousy due to socialisation
Dr Billy Lee

BARRETT, Lucy
An Investigation into ‘The Social brain hypothesis’: how social complexity may be more adequately assessed and what factors best explain it.
Professor Tim Bates

BARRON, Jennifer
The Moral psychopath: failure to replicate moral/conventional distinction deficits in sub-clinical psychopathy
Professor Tim Bates

BATY, Zoe
Ovulatory cycle effects on women’s responses to sexually loaded chat-up lines
Dr Peter Caryl

BEATTIE, Heather
The Effect of phonological relatedness on syntactic priming, and what this explains about the nature of children’s and adult’s abstract linguistic representations
Dr Holly Branigan.
BELL, Daisy
The Quest to increase happiness through a goal setting task: considering the influences of personality and individual goal behaviours.  
Professor Tim Bates

BIRD, Rachel
Colour me happy: can colour names affect our product choices  
Dr Thomas Bak

BIRKETT, Nick
Volitional intentional activities and subjective well-being: the mediating influence of personality  
Professor Tim Bates

BLUEFIELD, Anna
Individual differences in time perception: methodological considerations and the influences exerted within and between populations  
Dr Thomas Bak

BLYTH, Steven P
The Effect of task demands, artificially manipulated critical object saliency and semantic congruence on visual attention in real world scenes  
Professor John Henderson.

BOULD, Anne M
Digit ratio (2D:4D) and its relation to mental rotation performance and creativity as a mating display  
Dr Peter Caryl

BROCKERHOFF, Maja Andrea
How do we make friends and why: an investigation into the human social brain  
Professor Tim Bates

BROWN, Frances Kessler
The Extent to which nonverbal children with autism acquire the production and comprehension of syntax through a computer-based language intervention  
Dr Maggie McGonigle

BROWN, Philippa H
The Social brain: an investigation into total social network size and relationship closeness within a distinct human population  
Professor Tim Bates

BURNS, Rebecca
Avoiding lexical ambiguities: does prior experience help?  
Dr Sarah Haywood
BYRON, Siobhan  
Associations amongst emotional intelligence, personality and reaction times  
Dr Elizabeth Austin

BWYE, Nicola C  
Exploring the variation in the nature of the imitation impairment in low-functioning, non-verbal children with autism  
Dr Maggie McGonigle

CAMPBELL, Emma  
The Influence of personality, optimism and coping strategies on academic performance, perceived stress and psychological well-being: a longitudinal study of first year university students  
Dr Michelle Taylor

CHILDS, Jessica  
Derogation displayed amongst student degree groups: effects of self-esteem, threat, identification and target group  
Dr Andy McKinlay

CRIMMENS, Alex  
The Effects of implicit and explicit memory on Iowa Gambling Task performance  
Dr Sarah MacPherson

CRUICKSHANK, Andrew  
Evidence through modified tasks for robustness of dynamic visual noise as a selective visuo-spatial processing interference technique  
Professor R Logie

DALGLEISH, Gwen  
Acquisition of the noun category: exploring syntactic priming of noun phrase structure in young children and adults using novel and familiar noun prime stimuli  
Dr Holly Branigan

DAVIDOWITZ, Cara  
Collective self-esteem and outgroup derogation: a clarification of competing theories  
Dr Andy McKinlay

DELANEY, Emma  
Judging beauty in architecture and its role as a fitness indicator  
Professor Tim Bates

DILWORTH, Anna  
An Investigation into the relationships between personality, coping styles and self-esteem and their impact upon eating habits, eating behaviours and weight perception among women  
Dr Michelle Taylor
DUGUID, Shona
The Effects of kinship, similarity and gender on level of affinitive interaction between captive chimpanzees
Dr Alex Weiss

ELLIOTT, David
Fluctuating asymmetry and its relation to cognitive function
Professor Tim Bates
Dr Jim Brockmole

ELLIOTT-JONES, Laura
Fluctuating asymmetry : how it is related to mental functions ?
Professor Tim Bates
Dr Jim Brockmole

EVERINGTON, Simon
Attentional control and inhibition in monolingual and bilingual groups : differences within and across auditory and visual modalities
Dr Thomas Bak

FALLA, Rachael
Acquisition of the noun category : syntactic priming of noun phrase structure in adults and young children using novel and familiar noun prime stimuli
Dr Holly Branigan

FERGUSON, Janet
An Investigation into the phonological and syntactic representations involved in language production of adults and children : a study using the paradigm of syntactic priming
Dr Holly Branigan

FERNER, Harriet S
Is Crystallised intelligence preserved in post-operative delirium ?
Professor Ian Deary
Dr Alasdair MacLullich
Dr Laura Brown

FINLAYSON, Ian
Symptom or signal ? The role of disfluency in dialogue
Dr Martin Corley

FLEMING, Camille
Personality in captive ring-tailed lemurs (Lemur catta) : trait structure and the interaction with dominance hierarchy and zoo visitor effects
Dr Alex Weiss
FLEMING, Joanna
Clinical and educational implications of imitation deficits in non-verbal autistic children  
Dr Maggie McGonigle

GARVIN, Sarah Jude
Visual, auditory and dual-modality attention : bilingual benefits in executive function  
Dr Thomas Bak

GRACE, Justin
In Search of the cognitive prerequisites for society : a study of predictors of human social complexity

GRIEVE, Ashley
The Utility of a virtual environment in detecting executive dysfunction in aging  
Dr Sarah MacPherson

HAINSWORTH, Reissa
Exploring second life as a beneficial virtual learning environment  
Dr Hamish Macleod

HELLIER, Robin
Science fact versus science fiction : the construction of paranormal event descriptions as factual.  
Dr Peter Lamont

HENDERSON, Kevin
Spiritual coping with chronic pain  
Dr Martha Whiteman

HODGSON, Eleanor
Partial occlusion drawing in autistic children  
Dr Maggie McGonigle

HOGENBOOM, Melissa
The Relationship between intelligence testing and executive function in high-functioning children with autism  
Dr Maggie McGonigle

HORNE, Jennifer Ruth
Eating behaviours and body dissatisfaction : relationships with psychosocial characteristics  
Dr Michelle Taylor

HOWE, Fiona
Exploring the benefits of a computer-based language intervention programme for non-verbal children with autism.  
Dr Maggie McGonigle
HUGHES, Naomi
Investigation of the relationship between emotional intelligence, interpersonal perception and attachment style
Dr Elizabeth Austin
Dr Billy Lee

JEFFRIES, Fiona W
The Relationship between nonverbal IQ and executive dysfunction in autism research
Dr Maggie McGonigle

JONES, Lindsey
Career decision making difficulties and career decidedness: effects of personality and cognitive style
Dr Martha Whiteman

KARMAN, Emma Z
Social perception, emotional intelligence and attachment style: does a correlation exist?
Dr Elizabeth Austin
Dr Billy Lee

KELLETT, Sarah
Do Pro-social and anti-social attitudes determine an individual’s happiness and social support?
Dr Martha Whiteman

KIRKNESS, SAM
The Role of implicit and explicit learning in the Iowa Gambling Task: an investigation into individual differences in the decision making process.
Dr Sarah MacPherson

KOEBBEL, Christian
Dianetics and the construction of science: a discourse analysis
Dr Peter Lamont

KUBICKI, Natalie E
Chat up lines: effect of the menstrual cycle and sociosexuality on female response to male sexual displays.
Dr Peter Caryl

LAU, Michelle Marie Yi Lok
Associations amongst emotional intelligence, personality and reaction times
Dr Elizabeth Austin

LAWSON, Mairi
Personality traits and coping styles: predictors of dietary habits and physical activity level.
Dr Alex Weiss
LITMAN, Talia
The Effects of extraversion on the usage of and attitudes towards Facebook
Dr Hamish Macleod

MAY, Michelle
The Effects of healthy aging on frontal lobe function and dual-process components of recognition memory.
Dr Sarah MacPherson

MCCOOL, Louise Claire
The Health behaviours of exercise and dietary intake : links with personality and coping, in a student sample
Dr Alex Weiss

MCCULLOUGH, R Andrew
Attention and binding of temporally separated features in working memory
Professor R Logie

MCDIARMID, Shona
The Effect of health adult aging on executive skills used for multi-tasking in the real-world.
Dr Sarah MacPherson

MCFARLANE, Henriette A
Time Perception : paradigms, methods, target duration and individual differences
Dr Thomas Bak

MCGARTY, Alex
Automatic visuomotor corrections : implications for attentional selection

MCGORY, Sarah
Cognitive perceptual deficits in elderly delirious patients
Dr Laura Brown
Professor Ian Deary
Dr Alasdair MacLullich

MCINTOSH, Cleo
Reluctance to use spoken language : a case study of an autistic boy
Dr Maggie McGonigle

MCLAREN, Laura
An Investigation into perceptual deficits associated with acute onset delirium
Dr Laura Brown
Professor Ian Deary
Dr Alasdair MacLullich
MCNAUGHTON, Peter
The Relation of Machiavellianism, personality and gender on the accuracy of zero-acquaintance raters' ability to detect ‘honest’ versus ‘fake-good’ personality responses in a structured employment interview
Dr Martha Whiteman

MELDRUM, Jerome
Machiavellian effects on the ability to impression manage and judge personality in interview situations
Dr Martha Whiteman

MITCHELL, Clare
Personality in ring-tailed lemurs (Lemur catta) : investigating factor structure, and relationships with stress, grooming, and dominance
Dr Alex Weiss

MITCHELL, Kirstyn
How is factuality constructed within first-hand accounts of precognition?
Dr Peter Lamont

NIEROP, Katharine
Avoiding lexical ambiguities : does prior experience help?
Dr Sarah Haywood

NOBLE, Julia
Mechanisms influencing friendship in chimpanzees (Pan troglodytes) : kinship, familiarity or personality trait similarity?
Dr Alex Weiss

NORDMANN, Emily
Do you see what I’m saying? : the effect of British Sign Language upon deaf children’s written English.
Dr Louise Kelly
Dr Rachel O’Neill

OGIER, Danielle
You have no idea what you are talking about. A ‘dis-expectancy’ account for the effect of disfluencies on sentence comprehension and reference resolution
Dr Martin Corley

PATERSON, Claire
Prior experience and personality’s impact on the practice of audience design and its ability to transfer to a novel task
Dr Sarah Haywood

PEEK, Bertie
Emotional intelligence : a component of personality or intelligence?
Dr Elizabeth Austin
PEEL, Anna
Audience design in children’s referential descriptions of abstract and concrete stimuli as a function of addressee familiarity: the boundaries of success
Dr Holly Branigan

PIPER, Megan
The Intelligence-personality debate gets emotional: the importance of distinguishing between trait and ability EI when considering associations
Dr Elizabeth Austin

RADFORD, Alexander
Three’s a crowd: comparing and contrasting two-party and multi-party dialogue
Dr Holly Branigan

RAW, Charlotte
Individual differences in sociosexual orientation and long term mate value preferences
Dr Michelle Taylor

REESE, Timothy
An Examination of the discursive devices employed in fact construction: a discourse analysis of ghost stories
Dr Peter Lamont

REID MILLIGAN, Simon
Audience design in children: evidence of listener-specific conceptual reference at 6-7 years old.
Dr Holly Branigan

RIVETT-CARNAC, Alice J
Is helpful or unhelpful linguistic behaviour responded to reciprocally by an interactant’s subsequent linguistic or social behaviour?
Dr Sarah Haywood

ROBERTSON, Jennie
Is crystallised intelligence preserved in elderly patients with post-operative delirium?
Professor Ian Deary
Dr Alasdair MacLullich
Dr Laura Brown

ROBERTSON, Lorne
Ecological assessment of executive dysfunction in healthy aging
Dr Sarah MacPherson

RUSBRIDGE, Sarah
Processing pronouns: effects of content-based properties of potential antecedents and similarity-based interference
Dr Patrick Sturt
RUSSELL-PAVIER, A L
The Independent and combined effect of personality and coping style on eating related outcomes in young women
Dr Michelle Taylor

SAMANTA, Lipi
Anonymity and visibility in the online world : the SIDE-effects of being an Elf
Dr Andrew McKinlay

SAUNDERS, Stephanie
Can 2\textsuperscript{nd} to 4\textsuperscript{th} digit ratio (2D: 4D) given an indication of increased creativity when sexually aroused ? ; a study comparing 2D:4D ratio and sexually cued creativity in men
Dr Peter Caryl

SCRIMGEOUR, Alice
The Influence of the fMRI environment upon feature binding
Professor Robert Logie

SELFRIDGE, Amy
Individual differences in manipulation : further studies of an emotional manipulation scale
Dr Elizabeth Austin

SHEEDY, Lorraine
Is an association encountered between reaction time and specific cancer morbidity across the entire adult age range during 19 years of follow-up ?
Dr Beverly Roberts

SHOTTON, Tash
Managing arthritic pain : the role of spiritual/religious coping, extraversion and emotional stability
Dr Martha Whiteman

SKAKEL, Christopher
How are working memory capacity measures, ‘real-world’ executive performance and midlife aging related ?
Professor Robert Logie

SKOROPADSKAYA, Augustina
Short-term and long-term mate choice criteria in the context of gender, sociosexuality and personality
Dr Michelle Taylor

SMITH, Charlotte
Factor structure, validity and test re-test reliability of the Austin, Farrelly, Black and Moore emotional manipulation scale
Dr Elizabeth Austin
SUTHERLAND, Russell  
Adaptation in architecture : explaining architectural beauty using the handicap principle  
Professor Timothy Bates

TARRAN-JONES, Abigail  
The Influences of prosocial and antisocial behaviour on social support and subjective well-being  
Dr Martha Whiteman

THOROLD, Lydia  
Selection-for-action and selection-for-perception : how close a couple are they really ?  
Dr Rob McIntosh

THORP, Rachael  
fMRI : insight or inhibition ? Investigating the impact of the fMRI environment upon behavioural performance in the popular Verbal N-back task  
Professor Robert Logie

TUCKER, Harriet  
The Influence of optimism above personality and coping on academic performance, wellbeing and perceived stress during a major life transition  
Dr Michelle Taylor

TUSON, Theresa  
Personality variables affect cooperative behaviour in Britain and Malaysia  
Dr Alex Weiss

WARDROPE, Jillian A  
Reciprocity in language : evidence for the effect of reciprocal relationships on the use of audience design.  
Dr Sarah Haywood

WELENSKY, Zachary J  
The Effect of task demands and artificially manipulated object salience on visual attention in real world scenes  
Professor John Henderson

WEBSTER, Holly  
Executive dysfunction in aging : are virtual reality environments valid within the context of normal aging ?  
Dr Sarah MacPherson

WILLIS, Kirsti Kaarina  
Architectural judgements and their causes in Finnish and British architects and lay people  
Dr Alex Weiss
WILSON, Kerry
Prior experience and its effects on audience design

Dr Sarah Haywood
