2009 – Undergraduate Honours Dissertations.

2009-1
ALLAN, Fiona
The Relationship between the subcomponents of empathy, emotional intelligence, Machiavellianism and emotional perception.
Dr Elizabeth Austin

2009-2
ALLEN, Jennifer Kay
The Relative strength of associations between empathy and its subcomponents, Machiavellianism, emotional intelligence and emotion perception/theory of mind
Dr Elizabeth Austin

2009-3
AMES, Sophie
Authenticity as a state: its mediating relationship between mood and wellbeing and the role of self-consciousness
Dr Alison Lenton

2009-4
BARING, Rosalind
Can autistic traits present in the normal population determine social communication abilities ?
Dr Holly Branigan

2009-5
BASSETT, Kathryn
Personality and leisure: how the NEO FFI personality domains influence free time activity participation, motives and preferences.
Dr Alex Weiss

2009-6
BEATON, Laura
Predicting stress : an investigation into the affects of personality, emotional intelligence, coping and subjective well-being.
Dr Elizabeth Austin

2009-7
BELL, Fiona
Intentions or desires: when playing a game, what is a child’s primary focus?
Dr Morag Donaldson

2009-8
BIALEK, Anna Katarzyna
An Investigation of prospective memory development through childhood into adolescence.
Professor Robert Logie

2009-9
BLYTH, Andrew
Mimicking the effects of prism adaptation in healthy controls and a single neglect patient through the use of false feedback.
Dr Rob McIntosh

</tbody>
</table>
2009-19  CRUCKSHANK, Kimberley
Associations between emotional intelligence, emotional regulation, personality and stress in undergraduate students.
Dr Elizabeth Austin

2009-20  DE SELLERS, Sophie
Adult age differences in the forgetting of verbal material over time
Dr Sharon Abrahams

2009-21  DECKRO, Joseph
The Effect of a stress condition on an ecological measure of multitasking.

2009-22  DERNIE, Olivia
The Role of personality in its contribution to eating disorder susceptibility in dancers.
Dr Alex Weiss & Dr Michelle Taylor

2009-23  DITCHBURN, Rachel
Examining how preschoolers' vocabulary acquisition is affected by the context in which they encounter new words.
Dr Morag Donaldson

2009-24  DOUGAN, Anne
Parent-infant interactional synchrony in neonatal babies: investigation of the connection between parent voice and infant movement.
Dr Patrick Sturt & Dr Jonathan Delafield-Butt

2009-25  DOYLE, Claire
Social cognition in later life: effects of aging and task type on theory of mind performance.
Dr Sarah MacPherson

2009-26  DUFF, Barbara J
Dyslexia and satisfaction with life: how does growing up with dyslexia impact on a person’s satisfaction with life and self-esteem?
Dr Louise Kelly.

2009-27  FAGAN, Stephanie
The Effects of healthy adult aging on recognition memory and performance on tests that rely on frontal and medial lobe function: evidence contradicting the DPHMA.
Dr Sarah MacPherson

2009-28  FLOYD, Victoria
Investigating the role of working memory in multi-tasking: the impact of a secondary number recall task on cooking breakfast in a virtual environment.
Professor Robert Logie
FORREST, Claire L
Feeling of another’s knowing: does speaker-specific information have an effect on judgements of confidence and correctness?

Dr Martin Corley

FRASER, John D
Explaining the unexplainable: how the journalist maintains a position of insight whilst attempting to explain Derren Brown

Dr Peter Lamont

GRAHAM, Elizabeth
Conveying ghost stories examined by discourse analysis: how do they seem factual?

Dr Peter Lamont

GRAHAM, Sarah
Does dyslexia affect self-esteem, self-concept and satisfaction with life in university students?

Dr Louise Kelly

GRAY, Julie
The Association between empathy, the Big 5 dimensions of personality and prosocial behaviour: what causes individuals to act prosocially?

Dr Martha Whiteman

GREEN, Caroline
Children’s understanding of intentions.

Dr Morag Donaldson

GREENE, Max
Disagreeable intentions: the role of personality in attitudes towards violence

Dr Alex Weiss

GREY, Jonathan Ben
Do children use abstract grammatical representations and does phonological relatedness increase noun-phrase priming for syntax? An investigation with young children and adults.

Dr Holly Branigan & Dr Janet McLean

GRIEVE, Ashley
The Utility of a virtual environment in detecting executive dysfunction in aging

Dr Sarah MacPherson

GRAFFIN, Charlie
Dissociating decision making functions in older adults.

Dr Sharon Abrahams
2009-39  HACKETT, Roxanna  
An Exploration into stage authenticity  
Dr Alison Lenton.

2009-40  HERON, Louise  
Measuring personality with attitudes towards self-reported violence and responses to violence used in self-defence.  
Dr Alex Weiss

2009-41  HIRST, Peter Ben  
Is a proposed hemispheric competition model required for studies of hemispheric differences and will it prove a factor in simple cognitive tasks where information is projected bilaterally?  
Dr Richard Shillcock.

2009-42  HOEG, Henrik  
A Discourse analysis of Derren Brown’s televised performances.  
Dr Peter Lamont

2009-43  ISHAQ, Masrita  
Is 4 the prime number? Relationship between degree of multilingualism, attentional control, competence level and acquisition age.  
Dr Thomas Bak & Dr Antonella Sorace

2009-44  IVESON, Matthew Henry  
Reflecting upon vision: the limited effects of visual feedback upon motor output in a bimanual tapping task.  
Dr Rob McIntosh

2009-45  JAMES, Vairi A W  
An Investigation into the effects of healthy adult aging and interruptions on multitasking abilities  
Dr Sarah MacPherson

2009-46  JOHNSON, Tessa  
Do horse and human personalities affect the game of polo?  
Dr Alex Weiss

2009-47  KENNEDY, Rhona  
I’m an extravert, get me out of here: an attempt at integration of current research on five factor personality and media use and motives  
Dr Alex Weiss

2009-48  LAW, Naomi  
Clients’ experiences of counselling: a phenomenological investigation  
Dr Billy Lee
2009-49  LINDSAY, Dawn
How listeners infer the causes of disfluent speech.
Dr Martin Corley

2009-50  LLOYD, Matthew
An Investigation into the relationship between personality and obesity and the mechanism by which this may exist.
Dr Alex Weiss

2009-51  LOCKWOOD, Jennifer
Personality, perfectionism and eating disturbances in a sample of ballet dancers, general dancers and non-dancers : a cross-sectional study.
Dr Alex Weiss

2009-52  MACDONALD, Tracey
Using gesture to train three year olds in embedded rule based causal reasoning.
Dr Morag Donaldson

2009-53  MCGEOWN, Helen
Influence of individual and group priming on self-esteem in medical students.
Dr Andy McKinlay

2009-54  MCGLONE, James B
The Long-term benefits of minimal retroactive interference on memory in healthy adults
Professor Sergio Della Sala

2009-55  MCILROY, Lucy
Age-related impairments in long-term retention of verbal material: a problem of accelerated forgetting or a deficit in acquisition?
Dr Sharon Abrahams

2009-56  MCINTOSH, John
Test of the integrated emotions systems account of psychopathy using a visual discrimination task with affective flankers, with a comparison of PPI and PRI scores.
Professor Tim Bates

2009-57  MCKEE, Suzanne
Cognitive stability in delirium : is crystallised intelligence preserved ?
Professor Tim Bates, Professor Alasdair MacLullich & Dr Laura Brown

2009-58  MCKERNAN, Laura
Multitasking in the frontal lobes : an exploration of the effects of stress on cognition
Dr Sarah MacPherson
2009-59  MACNEILL, Fiona Anne  
Authenticity in affective contexts: an exploration of mood, authenticity and judgements of well-being.

Dr Alison Lenton

2009-60  MANSON, Louise  
Comprehenders’ predictions in the face of ‘uh’ speech disfluencies

Dr Martin Corley

2009-61  MAYSON, Judith  
Constructing the Fox sisters: examining the facticity of the major events surrounding the originators of modern spiritualism

Dr Peter Lamont

2009-62  MILLER, Louisa  
Motor output in a bimanual continuation-tapping task independent of visual cues

Dr Rob McIntosh

2009-63  MOORE, Anna  
Risky affairs: female preference for male risk-taking across the menstrual cycle

Dr Alex Weiss

2009-64  MORLEY, Jennifer  
Accessing clients’ perspectives on their counselling using interpretative phenomenological analysis.

Dr Billy Lee

2009-65  NELSON, Andrew R  
Video games and aggression: the effects of violent video game play on self-reported and peer observed anger.

Dr Billy Lee

2009-66  O’KEEFFE, Deirdre  
Why do some older adults perform badly on the Iowa Gambling Task? A dissociation of OFC and DLPFC abilities in the ageing population

Dr Sharon Abrahams

2009-67  OSBORNE, Shona Elizabeth  
An Examination of personality, emotional intelligence, coping, gender and subjective wellbeing with perceived stress (trait and state) in undergraduate students.

Dr Elizabeth Austin.
PELTON, Daisy
The Problem of authenticity in ethical and environmental behaviour: a discourse analysis of reconciling principles and practice
Dr Sue Widdicombe

PICKLES, Harriet
Why don’t all older adults wear purple? A re-examination of ‘the Dorsolateral prefrontal theory of cognitive aging’.
Dr Sarah MacPherson

PURVIS, Jerry
Does prayer heal? A discourse analysis
Dr Peter Lamont

RAITHATHA, Sonal
Are the emotionally intelligent happier? Associations between the trait emotional intelligence questionnaire (TEIQUE) and external measures of happiness and wellbeing
Dr Elizabeth Austin

RENWICK, Louisa
The Role of psychological needs for autonomy, competence, relatedness and money-luxury in state authenticity
Dr Alison Lenton

RICHOUX, Charlotte
Structural priming of the dative form in children aged 3 and 4
Dr Holly Branigan

RITCHIE, Stuart J
Psychopathic personality and emotional processing in a non-criminal sample: evidence from the emotional interrupt task.
Professor Tim Bates

ROBERTSON, Nichola
Understanding prospective memory: baselines for a study on memory deficits in epilepsy
Dr Jennifer Foley, Dr Elaine Niven & Dr Michaela Dewar

ROSS, Katherine
Word order priming of prenominal adjective order
Dr Patrick Sturt

SANDOVAL SIMILA, Sebastian J
Investigating the cognitive effects of multilingualism: is more better?
Dr Thomas Bak & Dr Antonella Sorace

2009-88  THOMPSON, Gillian
Recollecton and familiarity in healthy adult ageing and its correlates with frontal lobe and medial temporal lobe function

Dr Sarah MacPherson

2009-89  THOMPSON, Pamela
Inhibitory control in young adults: more languages equals more skilled?

Dr Thomas Bak

2009-90  THOMSON, Alice
Gesture facilitates three year olds' understanding of a causal rule.

Dr Morag Donaldson

2009-91  THORNTON, Caroline
Comprehenders' predictions in the face 'uh' speech disfluencies.

Dr Martin Corley

2009-92  VAN BREEN, Jolien
The Relationship between social group size and heads size: investigating the social brain hypothesis

Professor Tim Bates

2009-93  WEST, Holly
Lexical access in late non-proficient bilinguals and multilinguals: evidence for cross language semantic and phonological interference.

Dr Thomas Bak

2009-94  WILLIAMSON, Alan
Game over for GAM? Non-verbal behaviour differences in aggression for violent and non-violent video game play.

Dr Billy Lee

2009-95  WILSON, Stuart
If memory serves: the effect of mental representations of size onprehension motions.

Dr Rob McIntosh

2009-96  YEAMAN, Margaret
An Investigation into interactional synchrony in infants, using motion-capture video technology

Dr Jonathan Delafield-Butt & Dr Patrick Sturt

2009-97  YOUNG, Gregor D
Ageing and dual task ability – development of a new test for Alzheimer's Disease.

Professor Sergio Della Sala & Dr Jennifer Foley
ZAGHDANI, Helen
Attentional deficits in delirium: a systematic investigation.

Professor Tim Bates, Professor Alasdair MacLullich &
Dr Laura Brown.
