2012 – Undergraduate Honours Dissertations.

2012-1  ALLOTT, Claire
The early effects of alcohol consumption on executive function and False recognition in the DRM paradigm in young adults : a pilot study.
Dr Alexa Morcom.

2012-2  ASHLEY, Natalie
‘Dreaming the future’ : an investigation into the relationship between precognitive dreaming and the ability to make connections between unrelated events.
Dr Caroline Watt

2012-3  BARRATT, Madeleine
‘Prime’ advertising space : an application of memory measures online.
Dr Alexa Morcom.

2012-4  BEDFORD, Rosie
‘I don’t feel like I’m truly myself’ : exploring the impact of Bipolar II Disorder on self-identity using Interpretative Phenomenological Analysis.
Dr Billy Lee

2012-5  BRADLEY-SCOTT, Cerys
Care-staff coping, personality and attitudes to aggression : analysis of inter-play.
Dr Alex Weiss

2012-6  BROOKES, Emma
The effect of a motor interference task on language processing of manually-experienced images.
Dr Martin Corley

2012-7  BULLOCK, Elizabeth
Free-choice learning in the zoo environment : a means of educating the public about issues of conservation.
Dr Alex Weiss.

2012-8  BYARS, Catherine
Alignment between first and second language interlocutors and the coordination of effort in dialogue.
Professor Martin Pickering.

2012-9  CAMPBELL, Heather
Does the degree of image likeness affect the caricature and prototype effects in facial recognition.
Dr Graham Makenzie.

2012-20  DOYLE, Katherine
Alignment differences in dialogue between native and non-native speakers.
Professor Martin Pickering.

2012-21  EAGLETON, Julia
Exploring the possibility of intentional disfluency production as a function for social communication: an investigation into the correlation between Autism-Spectrum Quotient scores and disfluency production.
Dr Martin Corley.

2012-22  EWEN, Amanda J
Strength and attractiveness as correlates of human aggression and anger.
Dr Lars Penke.

2012-23  FALLON, Lyndsay
The effect of a lag on syntactic priming and the lexical boost in children.
Professor Holly Branigan.

2012-24  FRASER, Catriona
Tongue-twisting and dyslexia: investigating the phonological deficit hypothesis.
Dr Martin Corley.

2012-25  GALLACHER, Tom
Social functions decline with age, independently of executive functions.
Dr Jennifer Foley.

2012-26  GARDEN, Matthew
Suppressing the self: emotion regulation and its effect on state authenticity.
Dr Letitia Slabu & Dr Alison Lenton.

2012-27  GILLET, Jack
An exploration into the relationships between paranormal belief, belief in precognitive dreams, propensity to relate unrelated events and creativity.
Dr Caroline Watt.

2012-28  MEARS, Ruth Greenwood
The individual and relative contributions of different regions of the visual field to visual search.
Dr Antje Nuthmann.
2012-29  HALEWOOD, Megan M  
The effect of selective memory and belief in the paranormal on the interpretation of dreams as precognitive.  
Dr Caroline Watt.

2012-30  HAMILTON, Hazel  
To what extent is extraversion calibrated in variance by an individual’s phenotypic features? A study of strength, attractiveness and fluctuating asymmetry.  
Dr Lars Penke.

2012-31  HANCOCK, Christie  
Drawing the boundaries of psychology: belief in psychic phenomena.  
Dr Peter Lamont.

2012-32  HANNON, Julia E  
The impact of Bipolar II Disorder on self-identity: an Interpretative Phenomenological Analysis.  
Dr Billy Lee.

2012-33  HANSON, Rebecca  
Selective memory and paranormal belief: explaining the interpretation of dreams as precognitive.  
Dr Caroline Watt.

2012-34  HARLAND, Ellie L  
‘It was a death, a death not to have this, not to have music in my life’: an Interpretative Phenomenological Analysis of musicians’ experiences of loss of music.  
Dr Billy Lee.

2012-35  HARVEY, Christopher Craig  
Perceptual or conceptual false memory: the relative effects of semantic and perceptual properties in processes of false recognition.  
Dr Alexa Morcom.

2012-36  HEPBURN, Joanna Susan  
Maintaining paranormal belief in the face of fraud: how do people discursively overcome the issue of fraud when maintaining their paranormal beliefs.  
Dr Peter Lamont.

2012-37  HINES, Clare  
The Five Factor Model and its interaction with facial feedback effect.  
Dr Alex Weiss.

2012-38  JONES, Katherine  
Impact of personality and health beliefs on STI screening attendance.  
Dr Alex Weiss.
JONES, Lisa
Belief in extraordinary psychological feats : a discourse analysis.
Dr Peter Lamont.

KANTOR, Kolos
Can we boost our visual memory capacity ? An empirical examination of Rubik’s Cubers’ abilities.
Dr Jennifer Foley & Dr Mario Parra

KINCHIN, Emily
The effects of gaze and covert attention on tactile processing.
Dr Elena Gherri.

KRENDLER, Caitlin
Do filled pauses enable listeners to predict upcoming speech ?
Dr Martin Corley.

KUJALA, Sanni
The role of fluctuating asymmetry, facial and body characteristics and self-perceived attractiveness in sociosexual orientation.
Dr Lars Penke.

LANE, Sophie
Constructing the Fox Sisters : a Discourse Analysis of the origins of spiritualism.
Dr Peter Lamont.

LEVI, Dalia
Presence of mind : the influence of practice and personality on everyday mindfulness and rumination.
Dr Alex Weiss.

LIVINGSTONE, Flora
‘Banner-blindness’ versus the ‘Mere-exposure effect’ within online advertising.
Dr Alexa Morcom.

LONG, Jessica
‘Facing life with a blank’ : negotiating the effects of adoption, an IPA study.
Dr Billy Lee.

MCCLELLAND, Mairi
Investigating the effect of certainty and uncertainty as to when a prospective memory (PM) cue will appear on event-based PN and the effect of a low demand and high demand ongoing task on event-based PM.
Professor Bob Logie.
2012-49  MCCOLL, Judith H J
Children's conceptions of the brain.
Dr Joanne Williams.

2012-50  MACDONALD, Julia
Are people accurate judges of their memory abilities? An investigation of subjective and objective measures of prospective and retrospective memory.
Professor Robert Logie.

2012-51  MACFARLANE, Sarah
The impact of sociosexuality and sex drive on perceptions of bodily attractiveness.
Dr Lars Penke.

2012-52  MACKAY, Sophie
False memory in ageing: comparing false recognition in semantically and perceptually similar words.
Dr Alexa Morcom.

2012-53  MACKENZIE, Anna
Corepresentation in joint language: the effect of representing another's utterance on one's own task performance, and the mediation of friendship.
Professor Martin Pickering.

2012-54  MCLAUGHLIN, Catriona
Joint action in dialogue: speed of passive and active utterance onset between strangers and flatmates.
Professor Martin Pickering.

2012-55  MALCOLM, Efia
Existence of feeling of another's knowing in the 'real world': the effect of speech rate and fluency.
Dr Martin Corley.

2012-56  MANSON, Chantelle
The good, the bad and the influence on prototypes and caricatures: the effect of likeness in the recognition of familiar faces.
Dr Graham MacKenzie.

2012-57  MONTGOMERY, Katherine
Mindfulness: deconstructing interactions with rumination, well-being and personality pre- and post-intervention.
Dr Alex Weiss.
2012-58  MORRISON, Kerry
What does disfluency tell the, uhh, listener?
Dr Martin Corley.

2012-59  MURRAY, David Gordon
Ghost stories: a Discourse Analysis of accounts of ghostly experiences.
Dr Peter Lamont.

2012-60  NELISSEN, Kristin
An examination of utterance co-representations: how relevant is relationship?
Professor Martin Pickering.

2012-61  NEWLANDS, Carol
Assessing dual task performance in healthy adult ageing.
Professor Robert Logie.

2012-62  NORTH, James
Dual task methodology: assessing the role of executive functions in cognitive and affective theory of mind in healthy ageing.
Dr Jennifer Foley.

2012-63  PACKSHAW, Olivia
Motor systems and language processing: the effects of motor interference on the categorisation of manipulable objects.
Dr Martin Corley.

2012-64  PAJAK, Maciej
Do we look at objects in the same way as we read words?
Dr Antje Nuthmann.

2012-65  PARKER, Callum
The effects of gaze and covert attention on tactile processing.
Dr Elena Gherri.

2012-66  POWELL, Tim
The influence of emotion on recognition memory for scenes.
Dr Graham MacKenzie.

2012-67  PRYDE, Beatrice
The influence of emotion on recognition memory for scenes.
Dr Graham MacKenzie.

2012-68  RAMSDEN, Rae
A study into children’s perception of speed and acceleration.
Dr Maggie McGonigle
RAW, Kathleen
Discourse Analysis: the UFO scientists' construction of the UFO phenomenon in relation to science.
Dr Peter Lamont.

RICHARDSON, Sophie A
Communication and coordination of information in conversation: a comparison between three-party and two-party dialogue.
Dr Holly Branigan.

ROY, Paul
The effects of need satisfaction on state authenticity.
Dr Alison Lenton & Dr Letitia Slabu.

RUSSELL, Helen
Executive functioning and social behaviour: how are they related and how does this change with age.
Dr Jennifer Foley.

SALTER, Lois
Lexical and syntactic alignment in children with ASD.
Dr Holly Branigan.

SATTIN, Amy E
The effects of self-regulation on state authenticity.
Dr Alison Lenton & Dr Letitia Slabu.

SMALL, Nicola
The effect of detail on controlled retrieval processes in recollection memory.
Dr Alexa Morcom.

SMITH, Alexandra Louise
Personality, well-being, and activity on the social networking site Facebook.
Dr Alex Weiss.

STANCIU, Oana
Between-language agreement in complex noun phrases.
Professor Martin Pickering.

TAN, Avonne
Referential communication in pre-schoolers: allowing update after feedback to produce adequate messages.
Dr Maggie McGonigle.
2012-79  VARTY, Megan  
Working memory : parallel processing or switching in dual task coordination. 

Professor Robert Logie. 

2012-80  VAUGHAN, Angharad R E  
'I might have been a different person' exploring the lived experience of growing up in a single parent family : an Interpretative Phenomenological Analysis. 

Dr Billy Lee. 

2012-81  WALKER, Iona C M  
'A hole in your heart' : the silenced grief of adult adoptees. An IPA study. 

Dr Billy Lee. 

2012-82  WALSH, Annabel  
Exploring the impact of growing up in a single parent family with an adult perspective : an Interpretative Phenomenological Analysis. 

Dr Billy Lee. 

2012-83  WALTERSON, Lauren  
Syntactic priming in children : the strength and longevity of lexical enhancement. 

Dr Holly Branigan. 

2012-84  WATSON, Annie  
Syntactic and lexical alignment in young children. 

Dr Holly Branigan. 

2012-85  WATSON, Jan  
The early effects of alcohol consumption on executive function and false recognition on the DRM paradigm in healthy participants. 

Dr Alexa Morcom.
