2014 – Undergraduate Honours Dissertations.

2014-1  ALFREY, Abigail A
Buying credentials : do tuition fees drive self-determination and student experience in higher education?

Dr Wendy Johnson.

2014-2  ALONGI, Elisa
The effect of bilingualism on cognition : evidence from late language learners.

Dr Thomas Bak, Professor Antonella Sorace and Mariana Vega-Mendoza.

2014-3  ANDERSON, Jade
Exploring lexical alignment in typically developing children and children with Autism Spectrum Disorder.

Professor Holly Branigan.

2014-4  BARNES, Anna
Effects of age on cross-modal emotion recognition using static and dynamic stimuli.

Dr Sarah MacPherson.

2014-5  BERLOUIS, Katherine
Money, money, money : the effect of fee-paying status on autonomy, satisfaction and academic achievement in the university setting.

Dr Wendy Johnson.

2014-6  BIECHE, Regina
Unconscious perceptual learning : periphery versus fixation.

Dr David Carmel.

2014-7  BØDAL, Åshild
Managing the Emotions of Others Scale (MEOS) : further validation and its associations with personality, emotion, regulation and well-being.

Dr Elizabeth Austin.

2014-8  BÖRÖNDI, Anita
Constructing madness : discourse analysis of the justification for changing the category of substance related disorders in the Diagnostic and Statistical Manual of Mental Disorders. 5th edition.

Dr Peter Lamont.

2014-9  BORTHWICK, Claire
When is a debt not a debt ? Individual constructions of the meaning of debt in a student sample.

Dr Sue Widdicombe.
2014-10  
**BOYD, Laura**  
The public perception of Autism: an exploration into factors influencing stigmatising attitudes towards Autism.  
Dr Kasia Banas.

2014-11  
**BRAATHEN, Vilde Marie Lie**  
Auditory and visual short-term memory binding in healthy young adults.  
Dr Sharon Abrahams and Lewis Killin.

2014-12  
**BREAR, Hannah**  
When is a debt not a debt? A discourse analysis of defining debt and accounting for personal experiences: a student sample.  
Dr Sue Widdicombe.

2014-13  
**BROTHERSTON, Sarah**  
Do differences in personality and emotional intelligence affect the ability to recognise negative emotions in cognitive ageing?  
Dr Sarah MacPherson.

2014-14  
**BROWN, Ruth Harriet**  
The public perception of Autism Spectrum Disorder: an exploratory study into the factors that affect stigma towards autistic individuals.  
Dr Kasia Banas.

2014-15  
**BRUCKNER, Gina**  
The effects of inter-race exposure on mate choice in Caucasians.  
Dr Alex Weiss.

2014-16  
**CALLANDER, Alana**  
Understanding the conflicts between biological sex and gender: an Interpretative Phenomenological Analysis exploring the connection between self, gender and the body.  
Dr Billy Lee.

2014-17  
**CATTO, Kerry**  
Can children notice ambiguity in a referential communication task: differences between monolingual and bilingual children.  
Dr Hugh Rabagliati.

2014-18  
**CAWTHRON, Sarah E**  
Predicting the future: the characteristics and possible psychological explanations of precognitive dreaming.  
Dr Caroline Watt.
2014-19  CHAPMAN, Mikahla
How critics reject the revisions made to the ‘Substance-Related and Addictive Disorders’ category in the DSM-5: a discourse analysis.
Dr Peter Lamont.

2014-20  CLEGHORN, Aara H
Lexical and syntactic representation in varilinguals: evidence from syntactic priming in speakers of Trinidadian Creole and Trinidadian Standard English.
Professor Holly Branigan.

2014-21  COTTON, Kate
Exploring the Self-Referential Effect (SRE) in children with Autism Spectrum Disorders (ASD) using an ownership paradigm.
Dr Karri Gillespie-Smith and Professor Holly Branigan.

2014-22  CROWTHER, Jamie
Language and the role of gender for predicting schizophrenia in high-risk individuals.
Dr Thomas Bak.

2014-23  DIXON, Thomas
Are there language markers which can predict future schizophrenia in a high risk sample?
Dr Thomas Bak

2014-24  DOOLITTLE, Eliza D
The effect of education: a study of the differences between American and Scottish universities.
Dr Wendy Johnson

2014-25  DUNN, Angela
The effects of increasing working memory requirements on analogical mapping ability.
Dr Alex Doumas.

2014-26  DURRAND, Hollie
“Where have you gone?” Exploring the lived experience of providing care for a partner in the mid to late stages of dementia using Interpretative Phenomenological Analysis.
Dr Billy Lee.
2014-27  **FARROW, Samantha**  
Age effects on planning and goal management : validating a newly designed computerised assessment.  
Dr Sharon Abrahams & Ratko Radakovic

2014-28  **FORSBERG, Alicia**  
Effects of exogenous attention and target eccentricity on visual sensitivity.  
Dr David Carmel

2014-29  **FOSTER, Jack**  
Living with dementia : understanding lived experiences of spousal care relationships for partners with dementia.  
Dr Billy Lee

2014-30  **GIBSON, Rachel**  
Exploring the mechanisms that underlie lexical alignment : evidence from children with Autism Spectrum Disorder (ASD).  
Professor Holly Branigan.

2014-31  **GLEN, Nell**  
Dr Alexa Morcom.

2014-32  **GUTIERREZ, Armandina Almanza**  
Precognitive dreams : a quantitative comparison to regular dreams.  
Dr Caroline Watt.

2014-33  **HARRIS, Alicia Nichole**  
Reaction time as a risk factor psychological distress in the UK health and lifestyle.  
Dr Catherine Gale.

2014-34  **HECTOR, Djoah**  
Understanding conflicts between biological sex and gender : an IPA study of gender-identity.  
Dr Billy Lee

2014-35  **HERON, Annie**  
How do children resolve syntactic ambiguity ? An assessment of top-down and bottom-up information in sentence processing.  
Dr Hugh Rabagliati
2014-36  **HOBAN, Melissa**  
The effects of healthy adult ageing on theory of mind abilities: an attempt to design an ecologically valid measure.  
Dr Sarah MacPherson.

2014-37  **HOPE, Caroline**  
Is there an increase in false memory errors in older adults when a lure is meaningfully as opposed to visually related to the studied items?  
Dr Alexa Morcom.

2014-38  **HOSSAIN, Shyla R**  
Personality effects in synaesthesia.  
Dr Julia Simner.

2014-39  **HOWARD, Kirstie**  
Personality and cognitive abilities: predictors of restrained, uncontrolled and emotional eating behaviours?  
Dr Michelle Luciano

2014-40  **IRVING, Hollie**  
The effects of emotional stability, conscientiousness and cognitive ability on eating behaviours in students.  
Dr Michelle Luciano

2014-41  **JAHR, Jessica**  
Reconciling patient choice with dose-effect considerations: exploring the benefits of a patient-led approach to treatment in a private psychology practice.  
Dr Richard Shillcock and Dr Fiona Simpson.

2014-42  **JOHNSON, Faye**  
Sensitivity of executive functions (planning and goal management) to normal aging: validating a new computerised test against a traditional measure.  
Dr Sharon Abrahams.

2014-43  **JUSTER, Emma**  
Effects of ageing on multimodal integration in sound symbolism.  
Dr Julia Simner and Alan Nielsen.

2014-44  **KANE, Kathleen**  
Public perception of Autism – determinants of attitudes towards adults and children with ASD and their intention to volunteer.  
Dr Kasia Banas.
2014-45  **KANE, Sara-Jo**  
Ownership as a physical measure of the self-referential effect in children with autism.  
Dr Karri Gillespie-Smith and Professor Holly Branigan.

2014-46  **KEITH, Ewan**  
Establishing the moral domain as an individual differences construct: an investigation of the generalizability of Moral Foundations Theory.  
Dr Adam Moore and Professor Elizabeth Austin.

2014-47  **KING, Rachel**  
Hotspots in trauma memories in post-traumatic stress disorder: an exploratory investigation using EMDR.  
Dr Richard Shillcock and Dr Alison Harper.

2014-48  **KITCHING, Fergus**  
Socio-economic and socio-spatial influences on the cycle shift hypothesis.  
Dr Alex Weiss.

2014-49  **KLYM, Steven John**  
The relationship between personality and adherence to healthy diet and exercise behaviours in university students: a moderator analysis.  
Dr Alex Weiss.

2014-50  **KVAAVIK, Silje**  
Understanding students’ experiences of bereavement: an IPA study.  
Dr Billy Lee.

2014-51  **LI, Sha**  
An incremental validity analysis of Two Trait Emotional Intelligence Scales (TEIQue-SF and WLEIS): Autism Quotient, Empathy Quotient and Life Satisfaction.  
Professor Elizabeth Austin.

2014-52  **LISMANIS, Jack**  
The effect of working memory on analogical mapping.  
Dr Alex Doumas.

2014-53  **LO, Tiffany Hung Ting**  
Exploring the cross-cultural adjustment and psychological well-being of Chinese international students at a British university.  
Dr Billy Lee.
2014-54  MCDONALD, Rosie
The stress-diet relationship: an intervening role of personality and exercise habits.

Dr Michelle Luciano.

2014-55  MALICKI, Isabella
Language and the role of gender for predicting schizophrenia in high-risk individuals.

Dr Thomas Bak.

2014-56  MARK, Emma
Dream precognition: a replication and extension study.

Dr Caroline Watt.

2014-57  MELVIN, Cameron
Childhood cognitive ability and lifetime cognitive change as predictors of physical function in midlife: findings from the National Child Development Survey.

Dr Catherine Gale.

2014-58  MILNE, Michael
Searching for factors of and generational differences in associative mating using spouses from the 'Generation Scotland' data set.

Dr Michelle Luciano.

2014-59  MITOGAWA, Takeshi
Comparing two Trait EI measures TEIQue-SF and WLEIS.

Professor Elizabeth Austin.

2014-60  MURRAY, Kara
The role of gender identity in meal selection and health related behavioural intentions in men.

Dr Kasia Banas.

2014-61  NICHOLSON, Thomas
Good and bad debt: a discourse analysis of students' attitudes towards various forms of debt.

Dr Sue Widdicombe.

2014-62  NIEMINEN, Emma Emilia
The effects of personality and diabetes distress on glycaemic control and self-care.

Dr Alex Weiss.
2014-63 **NILSSON, Josefin**
Exploring the underlying processes of 5-year-olds’ referential communication using picture-naming and eye tracking: a comparison between monolinguals and bilinguals.
Dr Hugh Rabagliati

2014-64 **NOTT, Josephine**
Age effects on executive functions of planning and goal management: validating a new computerised test alongside traditional measures.
Dr Sharon Abrahams.

2014-65 **OLSINOVA, Olga**
Understanding students’ experiences of bereavement: an interpretative phenomenological analysis.
Dr Billy Lee.

2014-66 **PETERS, Jewel**
Determining underlying factors of assortative mating: comparing factors with individual variables and determining generational differences.
Dr Michelle Luciano.

2014-67 **PICHETA, Sophie**
Examining the associations of the Managing Emotions of Others Scale (MEOS) with personality, empathy, theory of mind and alexithymia.
Professor Elizabeth Austin.

2014-68 **REGAN, Connor**
Strategic memory in the information age: the ‘Google Effect’ in younger and older adults.
Dr Alexa Morcom.

2014-69 **ROONEY, Becky**
Inclusion of the intergroup in the self: applicability to University-level sport teams.
Dr Sarah MacPherson.

2014-70 **ROSS, Emma**
Morality, intelligence, personality and intuition: what predicts our moral foundations?
Dr Adam Moore.
2014-71 **RUFFELL, Henry**
Does mood and personality affect how we see the world? The effect of depression and neuroticism on contrast sensitivity.

Dr Julia Simner and Dr David Carmel.

2014-72 **SAVINC, Jan**
Additive effects of emotion and attention on face crowding effectiveness.

Dr David Carmel.

2014-73 **SCOTT, Ian M**
Getting stuff done: procrastination, and the contribution of grit, conscientiousness, morningness, and other related factors.

Dr Alex Weiss.

2014-74 **SMITH, Lianne**
Aging and theory of mind: do generational differences in communication style effect performance on more ecologically valid tasks?

Dr Sarah MacPherson.

2014-75 **SOLOMON, Eleanor**
The ongoing construction of psychology as scientific within introductory psychology textbooks.

Dr Peter Lamont.

2014-76 **STAFFORD, Jean**
The Managing of Emotions of Others Scale (MEOS): cross-validation of a new emotional intelligence measure with links to personality and well-being.

Professor Elizabeth Austin.

2014-77 **STANGELAND, Helle**
Syntactic measures of language as a predictor of schizophrenia.

Dr Thomas Bak.

2014-78 **STENSVOLD, Katrine**
Auditory and visual short-term memory binding in healthy young adults.

Dr Sharon Abrahams and Lewis Killin.

2014-79 **SZEWCZYK, Olga**
Effects of gender identity manipulation on eating behaviours in males.

Dr Kasia Banas.
2014-80  **TREW, Marissa**  
Identifying the role of different personality traits on the relationship between stress and food choice.  
Dr Michelle Luciano

2014-81  **VRIEND, Sascha**  
The cognitive effects of late non-proficient bilingualism.  
Dr Thomas Bak.

2014-82  **WALKER, Angus**  
Validating the MEOS : examining the associations of the Managing Emotions of Others Scale with empathy, theory of mind and alexithymia.  
Professor Elizabeth Austin.

2014-83  **WALSH, Rachael Elizabeth**  
Exploration of the associations between SWB, the FFM, and dietary and exercise behaviours in UK university students.  
Dr Alex Weiss.

2014-84  **WATERSTON, Emma**  
Age-related differences in negative emotion identification : the effects of cognitive ability, emotional intelligence and personality.  
Dr Sarah MacPherson.

2014-85  **YOUNG, Amy**  
“Pinch the giraffe with the glove” – syntactic ambiguity resolution in young children.  
Dr Hugh Rabagliati.

2014-86  **ZHANG, Bella**  
“We are and never will never be like when we were in China” : a interpretative phenomenological (IPA) study of Chinese international students’ cross-cultural adjustment and psychological well-being in a UK university.  
Dr Billy Lee.
