1. What is it?

A plugin that can exclude categories from your front page, feeds, archives and search results.

2. What does it do?

Easily exclude posts in specific categories from the front page, feeds, archives and search results.

3. How does it work?

Adds an additional menu item in the 'Settings' > 'Category Excluder' that includes the following settings:

Ultimate Category Excluder Options

Use this page to select the categories you wish to exclude and where you would like to exclude them from.
