- 08:00- 08.45 Continental breakfast
- 08.00 – 08.45 Registration desk remains open
- 08:45- 09.00 Welcome
- Prof Stan Gerson, Director, Case Comprehensive Cancer Center
  - Prof David Weller, Chairman of CA-PRI Executive Board
- 09:00-09.45 Plenary talk & discussion  
**From Prevention to End of Life – Primary Care Research and Cancer**  
Prof Rich Wender, Chair of Family Medicine, Thomas Jefferson University, USA; Past-President, American Cancer Society
- 09.45- 10.30 Break & informal networking time
- 10.30 - 12.15 Guided small group tour of posters  
Delegates will be guided along the posters in three groups. Authors of the posters are asked to highlight the specifics of their study in 3 minutes  
The numbers behind the titles refer to the abstracts (see the abstract book)
- 12:15 – 13.30 Lunch
- 13:30 – 14.30 Parallel presentations

**Parallel Session 1 - The Diagnostic Process 1**

Clinical features of oesophago-gastric cancer in primary care  
*Stapley, S - University of Bristol*

Delay factors in the diagnosis and treatment of symptomatic colorectal cancer  
*Esteve, M - Majorca Primary Care Department*

Diagnostic interval and mortality in colorectal cancer: U-shaped association demonstrated for three different datasets  
*Torrington, ML - Danish Research Centre for Cancer Diagnosis in Primary Care*

Cigarette Smoking Increases Circulating Levels of Carcinoembryonic Antigen: The Zhabei Health 2020 Study  
*Li, L - Case Western Reserve University*

### **Parallel session 2 - Survivorship 2**

Patients' and Oncology Providers' Perspectives about Primary Care Role in the Cancer Trajectory  
*Nekhlyudov, L - Harvard Medical School*

Role of the general practitioner during the active breast cancer treatment phase: an analysis of health care use

*And*

Increased primary health care utilisation among women with a history of breast cancer

*Berendsen, A - University Medical Center Groningen*

Strengthening the Behavioral Health Training Skills of Family Medicine Faculty To Improve Palliative Care for Cancer Patients

*Karakurt, G - Case Western Reserve University*

Who prescribes medications for symptom management and what is the impact of survivorship care plans among colorectal cancer survivors in the VA?

*Haggstrom, D - Indianapolis VA HSR&D*

### **Parallel session 3 - Screening topics**

Colorectal Cancer Screening in Older Adults by 5-Year Life Expectancy  
*Breslau, E - National Cancer Institute*

Pilot of flexible sigmoidoscopy screening to prevent colorectal cancer  
*Rubin, G - Durham University*

A Pragmatic Cluster Randomised Controlled Trial of CRC Screening Support  
*Katz, A - University of Manitoba*

Preferences for recommendation level in colorectal cancer screening: a population-based survey in Great Britain

*Campbell, C - University of Edinburgh*

- 14.30 – 14.45 Break & move to workshops
- 14.45 - 16.15 Workshop Session I (Forums to plan collaborative, international research)  
 Cancer prevention & awareness  
 Early detection, diagnostic pathway and screening  
 Cancer survivorship and end of life
- 16.15 - 16.30 End of Day Summary
- 16.30 – 18.00 Free time  
 Delegate-initiated discussions  
 Cleveland Museum of Art and Botanical Garden viewing
- 18:30 Reception and cash bar, indoor/outdoor garden strolling - Cleveland Botanical Garden
- 19.30 Dinner, Cleveland Botanical Garden

## **Thursday June 7<sup>th</sup>**

- 8:00 Continental breakfast
- 9:00- 9.40 Plenary talk & discussion  
**International Collaboration to Develop a Population-Based Cohort of 40,000 People with Biological, Behavioral and Social Data in Shanghai, China**  
 Li Li, MD, PhD, Associate Professor of Family Medicine, Case Western Reserve University, Association Director for Population Research Case Comprehensive Cancer Center.
- 09.40 – 11.00 Workshop Session II (guided by opportunities emerging from the previous day's workshops)
- 11.00– 11.30 Break
- 11:30- 12.15 Plenary talk & discussion  
**Implementation Science Across the Cancer Control Continuum**  
 Russell E. Glasgow, PhD, Deputy Director, Implementation Science, Division of Cancer Control and Population Sciences, (US) National Cancer Institute
- 12:15 – 13.00 Lunch
- 13.00 – 14.00 Parallel presentations

### **Parallel Session 4 - The Diagnostic Process 2**

Associations between registration of cancer alarm symptoms and socioeconomy: a population-based, cross-sectional study.

*Svendson, RP - University of Southern Denmark*

Diagnostic value of 'warning signs of cancer' in Norwegian general practice

*Scheel, BI - University of Tromsø*

Utilization of Primary Care and Colorectal Cancer Incidence and Mortality  
*Ferrante, J - Robert Wood Johnson Medical School*

Earlier Diagnosis of Cancer in Primary Care: assessing the usability and impact of a cancer Risk Assessment Tool (RAT)  
*Martins, T - Exeter University*

#### **Parallel Session 5 - Survivorship 2**

Out-of-hours medical care for terminally ill patients: A survey of availability and preferences of general practitioners  
*Berendsen, A - University Medical Center Groningen*

Increased health care use in cancer survivors  
*Heins, M - Netherlands Institute for Health Services Research (NIVEL)*

A Novel Primary Care Based Group Visit Clinical Intervention for Cancer Survivors: What Is Next (WIN)  
*Overholser, L - University of Colorado Denver Anschutz Medical Campus*

Canadian family physicians with a focused practice in oncology: Results of a national survey  
*Sisler, J - University of Manitoba*

#### **Parallel Session 6 - TBC**

The Initial Peri-Diagnostic Encounter Leading to a Cancer Diagnosis: Development of an Administration Data Based Approach to its Identification  
*Groome, P - Cancer Research Institute, Queen's University*

Factors affecting symptom appraisal and help-seeking in rural cancer patients in Western Australia  
*Walter, F - University of Cambridge*

Reduced delay in diagnosis of cancer after implementation of 'fast track'  
*Vedsted, P - University of Aarhus*

Causes of diagnostic delay among lung, gastro-oesophageal and breast cancer patients: the Revised Andersen Model of Total Patient Delay as an analytical framework.  
*Rubin, G - Durham University*

14.00 – 14.40 Ca-PRI Exec Board presentation, report back from Workshops, presentation by Ca-PRI 2013 organisers

14.40 – 15.20 Plenary talk & discussion (local speaker)

**Teachable Moments” for cancer prevention and health behavior change**

Susan A. Flocke, PhD, Associate Professor of Family Medicine and Epidemiology & Biostatistics, Co-Director of the Prevention Research Center for Healthy Neighborhoods, Co-Director Prevention Research Program, Case Comprehensive Cancer Center

15:20 – 15.30 Thanks and end of meeting

15:45 - Optional visit to the Rock & Roll Hall of Fame; 25 minutes light rail travel (self-pay)  
Exec Group de-brief meeting
