Walking, Jogging and Cycling

Cycling is a cheap, quick and healthy way to get around.

Finding a cycle route

There are many cycle routes for you to choose from depending on where you live.

The cycle routes displayed on this map are a guide only. Some of the routes involve some off road sections or steep gradients. Due consideration should be given to weather and track conditions during the winter months. A mountain bike is recommended for off road routes.

Fixing your bike

A toolkit is available for free at the Campus Service Centre. It contains useful items such as a puncture repair kit, a pump, spare inner tubes and a variety of tools. Dr Bike, a qualified bike mechanic, visits the Campus several times a year offering a free bike maintenance service for staff and students.

Walking Information

Walking is a great way to get some exercise and fresh air. There is no need to substitute walking for all journeys, but there are many ways in which you could walk at least part of a journey. Alternatively you could incorporate walking into your lunch break or after work.

Why not try walking to:

- Bliton: it’s half a mile away, and will take you about 10 minutes to walk one mile.
- Roslin: it’s less than two miles from the Easter Bush Campus and will take you about 30 minutes.

Lunchtime Walks

Have you considered a lunchtime walk? You could try walking around the Bush Estate. You could walk on the various paths around the Bush Estate in half an hour, burning approximately 150 calories. Or you could try:

- Roslin Glen is particularly scenic and is only 2.5 miles from the Easter Bush Campus.
- Castlelaw Hill in the Pentland Hills is no more than 5 minutes away in the car. You could drive with some friends to the Hills for a walk in your lunchtime!
