

THE UNIVERSITY *of* EDINBURGH

Edinburgh Award (Go Abroad Economics)

This award is given to students in the School of Economics whom the University has recognised for actively working to maximise their impact and excel as a researcher. These students have taken part in an intensive international trip with a focus on better understanding the economic situation of their destination.

In successfully completing the Edinburgh Award, these students will have been helped to:

- increase their self-awareness;
- make the most of their existing strengths and build new skills/abilities against clear development goals;
- understand the processes involved in having a planned positive impact and strategically working to excel, enabling them to have impact and make a difference whatever situation they are in; and
- look not only at their research, but also to capitalise on their experiences elsewhere to inform and enhance their role as a researcher, and vice versa.
