

HEaTED

Higher Education and Technician Educational Development

**The leading organisation for networking, CPD and training courses
specifically targeted towards your technical workforce.**

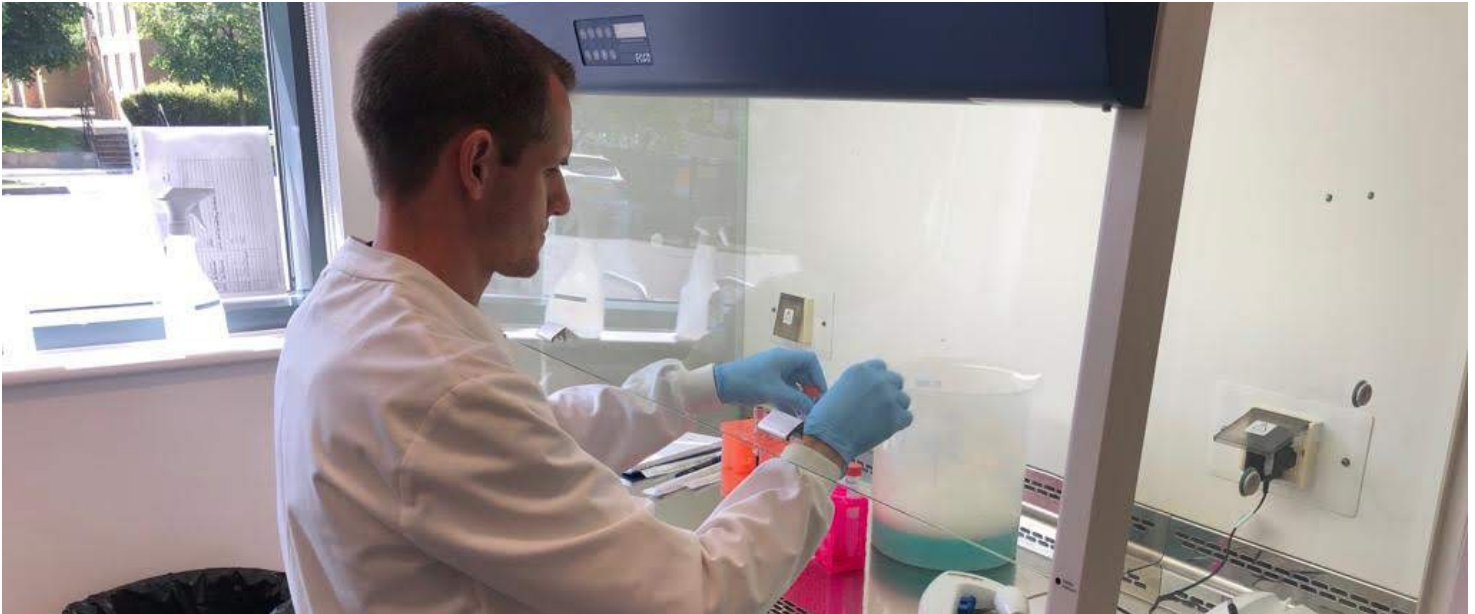

University of Birmingham, Institute of Forest Research, Technicians, Gael Denney and Nick Harper

**We value your support and commitment to the
professional development of the technical workforce.**

When you become a member, you will join a growing network
of more than 10,000 technicians.

As members we will provide you and your entire technical workforce with access to the following professional development opportunities and resources for the next 12 months:

James Fox, Laboratory Manager, Biology and HYMS, University of York

1. Continuous Professional Development

- Over 150 specialist technical skills courses at discounted prices for HEaTED members, with multiple occurrences running, online, across the UK and many that can be delivered as bespoke courses for your institution.
- Discounted access to HEaTED's Competency Assessment Toolkit for Technical Staff (CATTS) to support the performance review process, improve succession planning and staff development.
- Action planning, training needs analysis and student experience workshops for large groups of technical staff within your institution, at your internal technical conferences and at HEaTED network events.
- HEaTED's Professional Development Route Map, ensuring all staff are aware of the opportunities available to them through HEaTED.

Kevin Tierney, Electronics Workshop Supervisor
School of Engineering, Edinburgh University

2. Facilitation and advisory services

We offer dedicated consultancy and advisory services specific to your technical functions at significantly discounted rates, including technical management and leadership insight and know-how, to help individuals, teams and the organisation develop and implement strategic and operational solutions.

3. Professional Networks and Communications

The HEaTED team works across the UK to deliver network events each year. Staff from member institutions can attend for free, host events, present and showcase their facilities and skills.

E-Newsletters, magazines, blogs and tweets update and connect you with technicians across the UK.

HEaTED, East of England Regional Network Event

Tom Pitman, Greenhouse Manager, School
of Biological Sciences, University of Bristol

4. Professional Recognition

All professional development opportunities provided by HEaTED can be used as CPD evidence/credits on applications for and renewal of Professional Registration or HEA Fellowship.

HEaTED supports the width and breadth of Technical Services from all disciplines and welcomes all HEI Technicians to the programme.

Credit - Queen Mary University London

Accessing all the benefits of HEaTED membership is easy, just make sure you and all technical staff at your institution have registered on the [HEaTED website](#) using your institution email address and we will add you to our mailing list. It takes 2 minutes and will ensure you don't miss out on any professional development opportunities.

To join, complete and return the form attached and we will send you a 'welcome pack' containing information to help you and HEaTED to engage your technical staff. If you need any further information, would like to speak, meet or arrange to host a network event or course at your institution please contact us at heated@sheffield.ac.uk

Number of technicians in your organisation

Membership Rate

Up to 50	£693.00
50 - 100	£1040.00
100 - 250	£1,732.00
250 - 500	£2,080.00
500 - 750	£2,695.00
750 - 1,000	£3,465.00
1,000 +	£4,400.00

We are happy to consider discounted rates should you wish to take up membership for multiple years. We also offer a course credits scheme whereby you can obtain further discounts, forward plan and manage course bookings quickly and easily without the need to raise individual purchase orders. Technical staff can then access training and development credits at a later date. Please contact us for further details.
