Introduction

Congratulations on your acceptance to the University of Edinburgh!

One of the most important things you need to do now is get the right visa to allow you to enter the UK. The International Student Advisory Service at the University specialise in student immigration to the UK and can help you through the process.

You can also use this guide if you are making a Tier 4 application from outside the UK to return to studies.

This guide gives you the information you need to make a successful, straightforward Tier 4 (General) student visa application. Being prepared and paying attention to the details are important to ensure a successful application.

In this guide you will find out about:

- Tier 4 (General) student visas, and whether you need to apply for one
- How, when and where to make your Tier 4 (General) visa application
- What documents you will need for your Tier 4 (General) visa application
- Your rights and responsibilities as a Tier 4 (General) student

It is important that you read the information and follow the guidance carefully. You should find all you need about your visa application in this guidance but if there is anything that you don’t understand, please email us at visahelp@ed.ac.uk and we will be happy to help.

International Student Advisory Service

About your visa requirements

What is a visa?
A visa is a certificate (also referred to as ‘Entry Clearance’) which gives you permission to enter the UK. Your visa application will be assessed by the British diplomatic post (e.g. Embassy or Consulate) in your country of nationality or where you are officially resident. In some cases, the application is handled by a British diplomatic post in a regional headquarters or by UKVI staff in the UK.

‘If you are coming to study for more than 6 months, you can travel to the UK up to one month before the start of your course. When you make a successful visa application, you will get a ‘vignette’, which is a sticker in your passport, valid for 30 days to allow you to travel to the UK. The start date of the vignette will be whichever is the later date of either:

- Seven days before your intended date of travel
- 30 days before the start of your course
- The day on which the vignette is issued

Do I need a visa?
Immigration requirements are determined by nationality.

Non-EU/EEA/Swiss nationals:
If you are a non-EU/EEA/Swiss national arriving in the UK as a student to study a course of six months or more at Edinburgh you must arrange a Tier 4 (General) visa from the British Embassy or Consulate in your home country before travelling to the UK.

EU/EEA/Swiss passport holders:
You do not need a visa and are not subject to UK immigration control. You should enter the UK through the EU/EEA/Switzerland channel at passport control on arrival. This includes ‘dual nationals’ - people who have an EU/EEA/Swiss passport in addition to a non-EU/EEA/Swiss passport. If you have EU/EEA/Swiss nationality in addition to another, use your EU/EEA/Swiss passport when you arrive in the UK.

What type of visa should I apply for?

<table>
<thead>
<tr>
<th>My course is a full-time degree.</th>
<th>Tier 4 (General) visa</th>
</tr>
</thead>
<tbody>
<tr>
<td>My course is six months or less, and includes work-based learning or a work placement.</td>
<td>Tier 4 (General) visa</td>
</tr>
<tr>
<td>My course is six months or less, and has no work-based learning or work placement.</td>
<td>Short-term study visa (up to 6 months)</td>
</tr>
<tr>
<td>My course is an extended English language programme.</td>
<td>Short-term study visa (up to 11 months)</td>
</tr>
</tbody>
</table>

You can find information about the Short-term study visa online: www.ed.ac.uk/global/immigration/applying-for-visa/short-term-student
What is Tier 4 sponsorship?

When you apply for your Tier 4 (General) student visa, your name is added to the University's sponsor licence. If you are a Tier 4 student, you cannot study at the University of Edinburgh unless you have a Tier 4 (General) visa with the University's sponsor licence number on it.

As your Tier 4 sponsor, the University has a legal duty to ensure that we and, as far as possible, you comply with UK Visas & Immigration requirements. As a Tier 4 (General) student in the UK, it is essential that you comply with the conditions of your Tier 4 (General) visa. The University is required to withdraw sponsorship where the requirements are not being met.

Please familiarise yourself with our information on Tier 4 sponsorship as these are the conditions under which the University is sponsoring your status in the UK:
www.ed.ac.uk/global/immigration/while-you-are-here/rights-responsibilities-and-restrictions

What is a Biometric Residence Permit?

A Biometric Resident Permit (BRP) is an identity card which contains your biometric information, and details of your permission to stay in the UK. When you arrive in the UK, you will have 10 days within which to collect your BRP. This will be your new visa.

You can collect your BRP from the University during Welcome Week.

You can find more information about the BRP online:
www.gov.uk/biometric-residence-permits
Making your Tier 4 application

You can find further information about the Tier 4 (General) visa online:
www.gov.uk/tier-4-general-visa

STEP 1: Prepare your documents

The Tier 4 (General) visa is a points-based visa. For a successful application you have to score the full 40 out of 40 points by providing the required documents.

What documents are required?

The documents you may require are:

• Confirmation of Acceptance for Studies (CAS)
• Entry qualification
• English Language qualification
• Academic Technology Approval Scheme certificate (ATAS)
• Maintenance requirements (financial documents)

Do I have to provide original documents?

All documents in your application must be originals. UK Visas & Immigration will not accept photocopies, scans, faxes, emails or other copies of your documents.

You will find a checklist of the documents you will need to send along with your application on page 21. If any of your documents do not match this list exactly then you must not submit them. You should wait until you have all of the correct documents before you apply. If you do not have the original and correct documents your visa may be refused and you could lose your application fee.

Passport holders of a specific group of 28 countries applying in their home country, called “Differentiation Nationalities” and students who qualify for the Tier 4 Pilot Scheme still need to make a full application. However, they do not need to send the documentation for their Academic Qualifications or the Financial Requirements as part of the visa process. Please refer to page 21 for the list of nationalities and information about the Tier 4 Pilot Scheme.

Do I need to provide translations?

If any of your documents are not in English or Welsh, the original MUST be accompanied by a full translation that can be independently verified by UK Visas & Immigration. This original translation must include:

• Confirmation from the translator that it is an accurate translation of the original document
• The date of the translation
• The translator’s/an authorised official of the translation company’s full name and signature
• The translator’s/translation company’s contact details
What is a CAS?

The Confirmation of Acceptance for Studies (CAS) number is a 14 digit alpha-numeric reference number essential to your Tier 4 visa application. The University provides mandatory information about your studies to the UK Visas & Immigration and in return, receives a unique CAS reference number for your visa application. Without it, you will not be able to make a successful application for the visa.

When you have accepted an unconditional offer, you will be able to request your CAS through your EUCLID or MyEd account. We will arrange your CAS number in sufficient time for you to make a visa application.

Once the CAS has been set up, you will be able to access the details about you and your course that the University has shared with UK Visa & Immigration through your student portal, MyEd. If there are any mistakes in the information, or your situation changes, including your passport number, payments for fees and accommodation, you have to let us know so that your CAS can be changed and an updated version emailed to you before you apply. If you need any changes made to your CAS, please email: immigrationcompliance@ed.ac.uk

The CAS remains valid for only six months and can only be used within three months of the start date of your course. A CAS number can only be used once - if your visa application is refused, you will need a new CAS to reapply.

You cannot use your CAS after the latest start date of your course.

When you apply for the visa, you need only write down the correct CAS number in the required section of the application form. No additional documents are required as evidence of the CAS. The University of Edinburgh only provide CAS numbers directly to your University MyEd account.

The Immigration Officer who assesses your application will use the CAS number you write on your application form to access your file on the system. The file will contain all of the details about your studies and information detailing what original documents they will expect to see.

What is an entry qualification?

This is the academic qualification that the University used to assess your suitability for the course. The qualification will be noted on your CAS. We will use only one of your previous qualifications. You do not need to submit any references you may have used.

You must include your original certificate or transcripts detailed in the CAS with your visa application. The only exception to this is where your results have been issued digitally, and you present a print out from the awarding body’s online checking service.

If you are a low-risk national or you qualify for the Tier 4 Pilot Scheme (see page 21) you do not need to send this document, but you must have the original document available in case you are asked for it.
What is an English Language qualification?

If required, your English Language qualification will be stated on your CAS. This is qualification that the University assessed your English language ability is to the required standard.

You must submit the original certificates, if this is stated on your CAS.

Most Edinburgh students do not need to show evidence of their English language ability. Your CAS will simply state that:

i. You are from a majority English speaking country; or

ii. You have completed a degree from a majority English speaking country; or

iii. Your sponsor is a Higher Education Institution (HEI), and has made its own assessment of your English language ability. You will only need to present evidence of your English language ability if you are coming to study a course below degree level, such as an English language pre-sessional programme or a foundation programme.

Do I need an ATAS certificate?

Your offer letter and your CAS will tell you if you need an ATAS certificate to study your course. Students studying certain science and technology courses require approval from the UK Foreign and Commonwealth Office, under the Academic Technology Approval Scheme. If you do, you must submit your certificate with your visa application.

You can find information about ATAS and apply online: www.gov.uk/academic-technology-approval-scheme

The ATAS application takes around four weeks. If you are successful, your ATAS certificate will be emailed to you. It is important that you make your ATAS application at least one month before you intend to apply for your visa. You must get a new ATAS certificate every time you apply for a new visa.

What are maintenance requirements?

You will need to prove that you are able to pay your tuition fees for the academic year, plus a set amount for your living costs. If you are a low-risk national or you qualify for the Tier 4 Pilot Scheme (see page 21) you do not need to send financial evidence, but you must have the original document available in case you are asked for it.

Most student visa refusals result from applicants submitting their financial evidence in the wrong format.
**How much money do I need?**

For a successful visa application you must be able to show that you meet the maintenance requirements. This means you must be able to prove that you have access to enough money to pay for your tuition fees for the coming academic year plus living costs as follows:

<table>
<thead>
<tr>
<th>Length of course</th>
<th>Maintenance (funds) needed</th>
</tr>
</thead>
<tbody>
<tr>
<td>9 months or more</td>
<td>Tuition fees for the year as stated on CAS plus 9,135 GBP</td>
</tr>
<tr>
<td>Less than 9 months</td>
<td>Tuition fees for the programme of studies as stated on CAS plus 1,015 GBP per month/part month of studies up to 9,135 GBP</td>
</tr>
</tbody>
</table>

The amount you need to show can either be demonstrated in UK Sterling (GBP) or any recognised world currency. If you are using a currency other than GBP, you must convert amounts into GBP on your application. To convert currency values UK Visas & Immigration use: [www.oanda.com/convert/classic](http://www.oanda.com/convert/classic)

**Tuition fees**

Your CAS contains information about your tuition fees for the first year of the course or in the case that your course lasts 12 months or less, the total tuition fee.

The amount includes any additional costs as required by your particular study programme, such as laboratory/bench fees. You must be able to prove that you have enough money to pay the tuition fees as stated on your CAS, in addition to your living costs.

If you have already made a payment to the University for fees, the amount that you have paid will be deducted from the total amount you must show. Any tuition fees left over will need to be demonstrated in other evidence. **If you have already made a payment for your tuition fees you must make sure that this is stated on your CAS.**

**Living costs**

In addition to your course fees, you must demonstrate that you have access to living costs. These are: 9,135 GBP for students coming to study a degree; or 1,015 GBP per month or part-month of studies if the course is less than nine months.
University Accommodation payments
If you have pre-paid for University-provided accommodation fees before making your visa application, you can use some of the money as evidence that you meet the financial requirement. You can show payments for University accommodation, up to a maximum of 1,265 GBP, as evidence of your maintenance, and this will be offset from the living costs. For example, if you are coming to study a three-year programme:

<table>
<thead>
<tr>
<th></th>
<th>Total for first year</th>
<th>Paid to University</th>
<th>How much to show in financial evidence</th>
</tr>
</thead>
<tbody>
<tr>
<td>Course fees</td>
<td>10,000 GBP</td>
<td>8,000 GBP</td>
<td>2,000 GBP</td>
</tr>
<tr>
<td>Funds</td>
<td>9,135 GBP</td>
<td>2,000 GBP*</td>
<td>7,870 GBP**</td>
</tr>
<tr>
<td>Total</td>
<td>19,135 GBP</td>
<td>10,000 GBP</td>
<td>9,870 GBP</td>
</tr>
</tbody>
</table>

*For accommodation payments
**The maximum that you can deduct for accommodation costs is 1,265 GBP

Does prepayment of fees/accommodation affect my visa application?
Pre-payment of fees does not make a successful visa outcome more likely. Your visa application will be decided on the evidence you send to show that you have the funds available as required - whether these are paid fees/ accommodation, bank statements, student loans or an official financial scholarship. Pre-payment of fees therefore only reduces the amount you have to show in other evidence.

How do I ensure payments are included on my CAS?
Email immigrationcompliance@ed.ac.uk if you need to make any changes to your CAS.
Your email message should include:
• your student number (UUN)
• your CAS number
• information on how much you paid and when the payment was made
• an e-receipt of your payment if you received one
How do I show evidence of my funds?

You can show that you have enough funds in one or more of three ways.

- Bank statements belonging to you or your parents/legal guardian
- Official financial sponsorship
- Student loans

You can find detailed information about these documents and what they should contain online where you can download our finance factsheets:

[www.ed.ac.uk/immigration/tier-4-visa-requirements](http://www.ed.ac.uk/immigration/tier-4-visa-requirements)

---

1. Your bank statements

If you use your own money, or your parents'/legal guardian’s money as evidence of maintenance, you must provide a document from your bank which confirms that you have held the required amount for one month (at least 28 days).

The most commonly accepted documents are an official bank statement or a purpose-written letter from the bank. An official statement must cover a period of at least 28 days that ends within the month prior to your visa application date.

Alternatively, a purpose-written letter from your bank (on letter-headed paper) should confirm that the minimum balance on the account has been above the required amount over a period of at least 28 days. The letter should be dated within the month prior to your visa application date.

The statement or letter from the bank must show:

- That you have had at least the required amount of money (tuition fees + living costs) in your bank account for every day of a 28 day period. The balance must not fall below the required amount during the 28 day period, otherwise your application will be refused;
- The date of the statement or letter. This date must be within one month of your date of application;
- Your name/your parents’/legal guardian’s name(s);
- The account number;
- The financial institution’s name and logo.

Salary, stocks, shares portfolios, property value or other non-cash assets such as government pension schemes are not considered as evidence.
The evidence you provide can be issued from a bank in your home country or from the UK. There are restrictions on the acceptability of some banks’ statements. You can find more information on which banks can provide evidence of your funds online: 

Sample letter from the bank:

[Date - must be within the last 31 days]

To whom it may concern,

This letter confirms that [your name/parent/guardian name] holds an account at our bank. The account number is [account number].

The total amount held is [closing balance on issue date of this letter]. The minimum balance held over the last 28 consecutive days is [lowest balance figure over the last 28 days].

Yours faithfully,

[Signature]  
[Bank employee’s name]
Sample statement from the bank:

</tr>
<tr>
<td>30/06/2015</td>
<td>£2620.00</td>
<td></td>
<td>£10000.00</td>
</tr>
</tbody>
</table>

The date of the last transaction must be within the last 31 days.

The lowest balance over the 28 day period must not fall below the required amount.
2. Parental/legal guardian(s) bank statements

If you are using your parents’/legal guardian’s bank accounts, you must also send:

• Your original birth certificate or an adoption certificate or official court document confirming legal guardian status.

• A brief, signed letter from your parents/legal guardian which confirms your relationship to them, and that the funds can be used for your UK education.

• Official translations of all documents that are not in English or Welsh (for further information about translations see page 5).

Only biological parents or legal guardians (through a court of law or adoption procedures in your country) are eligible to be considered for ‘parental’ sponsorship. You cannot use financial evidence which belongs to other family relatives.

Sample of a signed letter from your parent/legal guardian:

[Your parent’s/guardian’s address]
[Your parent’s/guardian’s telephone number]
[Your parent’s/guardian’s email address]

UK Visas and Immigration

[Date]

Dear Sir/Madam,

Re: [your name]

This is to confirm that I am the [mother/father/guardian] of [your name] and I give my consent for the funds in my bank account to be used by my [son/daughter] while [he/she] studies in the UK. [He/She] is to enrol on a [full title of course] at The University of Edinburgh, in September 2015.

I am happy to financially support my [son/daughter] with the amount of [amount in currency on bank statement]. Please find attached evidence of the funds in the form of a [bank statement/bank letter].

Yours faithfully,

[Signature]
[parent/guardian name]
3. Official financial sponsorship

Sponsored students
If you receive sponsorship from an official financial sponsor – such as the UK government, your national government, an international scholarship organisation, an international university or international company – you must provide an original letter which details:

- Your name;
- The name and contact details of your official financial sponsor;
- The date of the letter (this must be less than six months old on the date of your application);
- The length of your sponsorship; and
- The amount of money the sponsor is giving to you, or a statement that your official financial sponsor will cover all of your fees and living costs.

University of Edinburgh sponsorship
If you receive sponsorship from the University of Edinburgh, it must be stated on your CAS at the time you apply. When you request your CAS, make sure the details of your sponsorship are included. Without it, your University sponsorship cannot be considered and an Immigration Officer will expect to see any required funds through other evidence, such as your bank account. If your sponsorship from The University of Edinburgh is not included on your CAS, please email immigrationcompliance@ed.ac.uk

4. Student loans

If you receive student loans from a student loan organisation or bank in your country, you need to provide a letter which confirms the details of the loan.

You can find detailed information about what your letters should contain in our finance factsheet: www.ed.ac.uk/files/atoms/files/educational_loans_-_final.pdf
STEP 2: Take the Tuberculosis test

Some students are required to undergo this medical test, which involves a chest x-ray, as part of the visa application process. This must be done in a UK Visas & Immigration approved medical centre.

Do I need a Tuberculosis test?

If you are coming to the UK for more than six months, and you live in certain regions of the world, you may be required to undergo a Tuberculosis (TB) test.

You can find out if you need a TB test and further information online: www.gov.uk/tb-test-visa

STEP 3: Pay the Immigration health surcharge

Some students are required to pay the Immigration health surcharge as part of the visa application process. The charge will allow you the same access to the UK healthcare system as permanent UK residents.

How much is the Immigration health surcharge?

If you are coming to the UK for more than six months, you will be required to pay £150 per year of your visa. If there is a part year of less than six months, it will be charged at £75.

Your visa will include a period after the end of your studies which is included in the payment. For example, on a 12 month study programme you may have a 16 month visa and would need to pay £225 (£150 full year + £75 part year).

The payment is compulsory and you must pay this charge as part of your visa application.

You can find full information about the Immigration health surcharge online: www.gov.uk/healthcare-immigration-application
STEP 4: Make your online application

Before you start your application, you should read the Tier 4 Policy Guidance carefully.

You can find the guidance online: [www.gov.uk/government/publications/guidance-on-application-for-uk-visa-as-tier-4-student](http://www.gov.uk/government/publications/guidance-on-application-for-uk-visa-as-tier-4-student)

**When should I make my application?**

You should make your application as early as possible. However, you cannot apply more than three months before the start date of your course, as stated on your Confirmation of Acceptance for Studies (CAS). If you submit your application before that, it will be refused.

When you apply from outside of the UK the ’date of application’ is the date that you pay for your visa application online.

**Where should I make my application?**

You must make your application while in your home country or the country where you are officially resident.

You will not usually be allowed to make a Tier 4 (General) application from outside of your home country or the country where you are officially resident. If you want to submit an application in another country, you should contact the British diplomatic post there to find out if it can be accepted. This will normally require you to have a residency permit or an official document confirming the basis of your residency. This will need to be a substantive category of residency - such as a student, worker, family member.
How do I apply?

All students will apply online. You can find the application form online: visas-immigration.service.gov.uk/product/uk-visit-visa

When you are completing the application form, make sure that you have all the details of your Confirmation of Acceptance for Studies (CAS) available. Your CAS will have all the answers you need about your course, previous qualifications and financial details.

When you are applying online you should choose which type of Tier 4 application you are making:

| I’m applying with an official financial sponsor*. | Choose Tier 4 (Sponsored) |
| I’m applying with a Chevening Scholarship or Fellowship, a British Marshall Scholarship, or a Commonwealth Scholarships and Fellowships Plan. | Choose Tier 4 (Chevening, Marshall and Commonwealth Scholars) |
| I’m applying without an official financial sponsor or scholarship or with a partial scholarship. | Choose Tier 4 (General) |

* See page 14 for definition of ‘official financial sponsor’. Please note that education loans, including US Federal Loans, are not considered to be official financial sponsorship.

Biometric Residence Permit (BRP) Collection

You need to specify a location to collect your Biometric Residence Permit. If you would like to collect your BRP from the University during your first week you should provide the Alternative Collection Location (ACL) code for the University.

- Enter the ACL code: 2HE529
- Click on ‘Find’ to choose the location
- Click on ‘Confirm’ to arrange the BRP delivery to The University of Edinburgh

Find more information on the BRP online: www.gov.uk/biometric-residence-permits

Further information

You must fully complete each question which is relevant to you. You can watch a video guide to completing your visa application online: www.ed.ac.uk/global/immigration/applying-for-visa/tier-4-visa-requirements/applying-outside-the-uk

You can find full information about making a Tier 4 (General) visa application online: www.gov.uk/tier-4-general-visa
STEP 5: Your biometric appointment and interview

You need to arrange an appointment at your nearest Visa Application Centre (VAC) to complete the next steps of your visa application. This includes an appointment to take your biometric information and in some countries, an interview with an Immigration Officer.

You can find the location of your nearest VAC online: www.gov.uk/find-a-visa-application-centre

What is a biometric appointment?

You have to attend an appointment at your nearest VAC to provide your biometric information which is your fingerprints and a digital photograph.

What is the format of the interview?

You may need to undergo an interview with an Immigration Officer during your visa appointment at the Visa Application Centre (VAC). The interview will be carried out via video link with a UK Visas & Immigration Officer in the UK. The Immigration Officer will ask you questions to check if you are a ‘genuine student’. The Immigration Officer may ask you about your English language ability, your immigration history to the UK and other countries, your education history and intentions, and your financial circumstances – in particular how you intend to fund your studies.

It is important to prepare for the interview in advance so you are ready to answer the questions they ask you.

How should I prepare for the interview?

English language ability

You must be able to hold a conversation in English to the standard expected of your course level, without the help of an interpreter. All students who are coming to study at the University of Edinburgh will have been assessed and will be expected to speak English to a high standard.

Immigration history

The Immigration Officer will check your immigration history to the UK and other countries, if applicable. They will check if you have had any previous visa refusals or if you have breached your visa conditions in the past – for example, if you stayed in the UK after your visa had expired. If you have had any previous visa refusals, or if you have breached your visa conditions before, you must be able to explain why.

If you have had previous visa refusals, or if you have previously breached your visa conditions, please contact us for further advice before your interview: visahelp@ed.ac.uk
Previous study

The Immigration Officer may ask you about your previous courses and how they relate to the course you will study at the University of Edinburgh. If your previous studies do not relate to your course at the University of Edinburgh, you should be able to explain why you have decided to change to your new field of study.

If you have had a long break in studying since your last course, you should be able to explain why you have decided to return to studies.

Knowledge of new course

You will know a lot about your new course from researching before you made your decision to apply to the University of Edinburgh, but it is a good idea to read about the course again and be able to talk about it.

If you wrote a personal statement for your application, it is a good idea to read over it again to remind yourself why you applied for the course.

You should be familiar with similar courses which are being offered in your home country, and be able to explain why the course at the University of Edinburgh is more suitable for you.

Intentions

You should be able to talk about your future career, and how your course at the University of Edinburgh will help you to achieve your goals.
STEP 6: Send your documents

Once you have prepared all of your documents, completed the application and attended your appointment at the Visa Application Centre or biometric centre, you must send your application and supporting documents to the Embassy. The application will tell you the address to post your documents. You must only send original documents with your application.

If you are a low risk national or if you qualify for the Tier 4 Pilot Scheme you do not need to send official original points-scoring evidence with your visa application to come to the UK. You may still need to provide the required evidence in the required format, if the UK visa office asks for it. You will still have to send your original passport, photographs and other relevant documents.

What are low risk nationals?

UK Visas & Immigration consider the following nationalities as low risk:

<table>
<thead>
<tr>
<th>Argentina</th>
<th>Australia</th>
<th>Brunei</th>
<th>Cambodia</th>
<th>Hong Kong*</th>
<th>Indonesia</th>
<th>Mexico</th>
<th>New Zealand</th>
<th>Thailand</th>
</tr>
</thead>
<tbody>
<tr>
<td>Bahrain</td>
<td>Barbados</td>
<td>Canada</td>
<td>Chile</td>
<td>Japan</td>
<td>Kuwait</td>
<td>Qatar</td>
<td>Serbia</td>
<td>Trinidad and Tobago</td>
</tr>
<tr>
<td>Botswana</td>
<td>British National Overseas*</td>
<td>China</td>
<td>The Dominican Republic</td>
<td>Macau SAR</td>
<td>Malaysia</td>
<td>Singapore</td>
<td>South Korea</td>
<td>United Arab Emirates</td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
<td></td>
<td>The Maldives</td>
<td></td>
<td></td>
<td>Taiw**</td>
<td>United States of America</td>
</tr>
</tbody>
</table>

*Where the applicant is the rightful holder of a passport that has been issued by the relevant competent authority, and where he is applying for leave to remain in the UK, or for entry clearance in the territory related to the passport he holds.

**Those who hold a passport issued by Taiwan that includes their national ID card number.

What is the Tier 4 Pilot Scheme?

The University of Edinburgh has been selected as one of the 27 institutions in the UK to take part in a scheme to benefit large numbers of our students.

You will be eligible for the Tier 4 Pilot Scheme if you are coming to study a one-year Masters programme.

Students who qualify for the Tier 4 Pilot Scheme will be granted a visa period of 6 months after their studies to allow them to work on a temporary basis, or to look for sponsored employment.

If you qualify for the Tier 4 Pilot Scheme, you do not need to send points-scoring evidence with your Tier 4 visa application. This means that you do not need to send evidence of your qualifications or financial documents.

However, you can be asked for these documents at any time, so it is important that you prepare them.

You will still need to provide all other required documents.
## What documents do I need to send?

<table>
<thead>
<tr>
<th>Document required</th>
<th>Information</th>
<th>Who is required to send this?</th>
</tr>
</thead>
<tbody>
<tr>
<td>Immigration health surcharge</td>
<td>You need to pay this as part of your visa application.</td>
<td>Applicants coming to the UK for more than six months.</td>
</tr>
<tr>
<td>Payment</td>
<td>Your visa application will cost the equivalent of 348 GBP in your local currency.</td>
<td>All applicants.</td>
</tr>
<tr>
<td>1 x passport</td>
<td>You must submit your original, current and valid passport.</td>
<td>All applicants.</td>
</tr>
<tr>
<td>1 x photograph</td>
<td>This must match the UK Visas &amp; Immigration guidance. The photo must have a light cream or light grey background.</td>
<td>All applicants.</td>
</tr>
<tr>
<td>CAS email</td>
<td>You do not need to include an original, just write the CAS number on your application form.</td>
<td>All applicants.</td>
</tr>
<tr>
<td>Entry qualifications</td>
<td>You must submit your original certificates or transcripts of your academic entry qualifications or a print out from the awarding body’s online checking service. These will be listed on your CAS statement.</td>
<td>All applicants must have these available. Low-risk nationals, and students who qualify for the Tier 4 Pilot Scheme (see page 21 for more information) only need to submit if requested. All other applicants must submit original documents.</td>
</tr>
<tr>
<td>English language qualification</td>
<td>Your CAS will state which documents you need to send. You must normally submit original certificates or transcripts, if this is stated on your CAS. In some cases, a screen print of your results will be sufficient. Please contact us if you need further information.</td>
<td>Applicants whose CAS states that an English language qualification (or other evidence) was used to assess their English language ability. See page 7 for more information.</td>
</tr>
<tr>
<td>Financial evidence for maintenance</td>
<td>You must show evidence that you have enough money for both your course fees for your first year and living expenses (maintenance). Please see pages 8-14 for more information.</td>
<td>All applicants must have these available. Low-risk nationals and students who qualify for the Tier 4 Pilot Scheme (see page 21 for more information) need not submit them with their visa application unless they are requested. All other applicants must submit original documents.</td>
</tr>
<tr>
<td>ATAS Certificate</td>
<td>If you need one, when your certificate is granted it will be emailed to you. You should print it and send it with your visa application. It can take up to four weeks to get your ATAS certificate, so make sure to apply for it in time.</td>
<td>Applicants to certain postgraduate science, engineering or technology courses. Your CAS will tell you if you need an ATAS certificate (see page 7 for more information).</td>
</tr>
<tr>
<td>Translations</td>
<td>If any documents are not in English or Welsh, the original must be accompanied by a full translation that can be independently verified by the UK Visas &amp; Immigration. See page 5 for full information.</td>
<td>All applicants.</td>
</tr>
<tr>
<td>Tuberculosis (TB) test certificate</td>
<td>The Tuberculosis (TB) test must be done in a UK Visas &amp; Immigration approved medical centre. You can find full information about TB testing online: <a href="http://www.gov.uk/tb-test-visa">www.gov.uk/tb-test-visa</a></td>
<td>Certain nationalities are required to provide this certificate (see page 15 for more information).</td>
</tr>
</tbody>
</table>
After you apply

How long will it take to process my application?

The application process normally takes around 3 weeks from outside the UK. You can find current processing times in your country here: www.gov.uk/visa-processing-times

Most Visa Application Centres (VAC) offer priority services which allow you to have your visa application processed more quickly. You can find more information about what your centre offers on its website: www.gov.uk/find-a-visa-application-centre

What are the next steps I should take?

If your Tier 4 application is successful

- Check your entry clearance certificate (the sticker in your passport) to make sure all of the details are correct. If there are any mistakes, you must contact the Visa Application Centre where you made your application to have them corrected before you travel to the UK.

- Make sure that you travel to the UK within the validity of your entry clearance certificate. If you do not travel between the start and end dates of the entry clearance certificate, you will have to apply for a new vignette, which will cost £189.

- When you arrive in the UK, you must collect your Biometric Residence Permit (BRP) within 10 days. You can collect this from Student Administration. Find out full information about this here: www.ed.ac.uk/international-office/immigration/applying-for-visa/biometric-residence-permit

- Make sure that you arrive before the start date of your course. If you cannot arrive on time, you must contact us at immigrationcompliance@ed.ac.uk to arrange a later start date, or you may not be allowed to enter the UK.

If your Tier 4 application is refused

- Email visarefusal@ed.ac.uk immediately to seek full advice and request a new CAS.

- Contact your School to check your latest course start date.
Top ten tips!

1. **Don’t leave it too late.**
   Remember that you cannot apply for your visa more than three months in advance of the start date of your course. Similarly, you must ensure not to leave it too late to apply or you could miss the start of your course. Remember, there is also a limit on how soon you can travel to the UK (see tip 10).

2. **Include original documents with your visa application.**
   You must submit only original documents, including your passport, with your visa application. For more information see the documents checklist on page 22.

3. **If you are an EU/EEA/Swiss citizen, you don’t need a Tier 4 visa.**
   EU/EEA/Swiss citizens do not need to get immigration permission to study in the UK. You should use your EU/EEA/Swiss passport to travel to the UK.

4. **Apply for your visa in your home country.**
   Many students wish to travel to mainland Europe or the UK before starting their course. However, if you travel to Europe before you get your Tier 4 visa, you will have to return to your home country, or country of normal residence to make your Tier 4 application before returning to enrol on your course. There are no exceptions.

5. **Only apply for your visa if you meet the points requirement.**
   If you do not have the correct points your visa will be refused. You will lose the application fee and have a visa refusal on your record. You also risk delaying your arrival to the UK, and in some cases this could mean that you will not arrive in time to start your course.

6. **Keep copies of every document that you send with your application.**
   You should take a copy of every document that you send with your application, including the application form. This will be useful if there is any problem with your application, or in case any of your documents are lost. Take these copies to the UK with you.

7. **If your visa is refused, contact us immediately (visarefusal@ed.ac.uk).**
   We will be able to advise on where you went wrong, or help to correct it if it was a mistake on the part of UK Visas & Immigration. You should send scanned copies of all of your documents, including the refusal notice.

8. **Don’t use the same CAS twice.**
   A CAS can only be used for one visa application. If your visa application is refused and you want to make a new application, you must get a new CAS. Email us at visarefusal@ed.ac.uk with a scanned copy of your refusal letter for further information.

9. **Low Risk/Differentiation Nationals and Tier 4 Pilot Scheme students.**
   If you are a low risk/differentiation nationality or a Tier 4 Pilot Scheme student remember: you do not need to send the academic or financial documents. However, the Entry Clearance Office in your country may ask you to provide them on request. If you qualify for these arrangements, apply as such - do not send documents into the process which are unnecessary or incomplete.

10. **Don’t travel to the UK before you get your visa.**
    If you do, you will not have correct immigration permission to study, and you will be unable to enrol at the University. You must present your Tier 4 (General) student visa to an Immigration Officer on arrival to the UK.
    Check the ‘valid from’ date on your visa, and do not travel to the UK before that date - you may be refused entry to the UK and may have to return home.
