

List of approved universities from non-majority English speaking countries (non-MESC).

Degrees from these universities that are taught and assessed *entirely* in English are accepted by The University of Edinburgh as meeting English language entry requirements for 2019/20.

Universities which teach and assess only in English are marked with an asterisk.

Where a university does not teach solely in English, it is the responsibility of students to provide evidence that their degree has been taught and assessed in English.

Please note that visiting students who are studying for a degree that is taught and assessed entirely in English at one of these approved universities, but who have not yet completed their degree, are accepted by The University of Edinburgh as meeting the English language entry requirements for visiting students providing they have successfully completed one full year of study.
