Notes on the data tables

UCAS cycles run from 1 September in one year to 30 September in the following year so, for example, the 2018 cycle ran from 1 September 2017 to 30 September 2018 with applicants being considered either for immediate entry in September 2018 or deferred entry in 2019.

The figures included cover undergraduate applications submitted through UCAS and applications for Veterinary Medicine that are received via VMCAS (Veterinary Medical College Application Service).

[VMCAS](#)

These figures do not include PGDE applicants applying via UCAS; Master of Social Work (MSW) applicants applying via UCAS, visiting undergraduates, or the very small number of direct entrants, e.g. to Clinical Medicine.

*Applications for Law Graduate Entry can be seen in the overseas fee statistics as these figures also include any UK or EU applicants who would be paying the full 'overseas' fee rate.

**Each year a small number of unsuccessful applicants for Medicine are offered the chance to apply for Biomedical Sciences instead. These applications appear under Biomedical Sciences instead of Medicine.

Please note that all figures refer to applications, not applicants, as one applicant may make more than one application to the same institution.

Numbers are shown as <5 where disclosing these low numbers could enable individuals to be identified. This would breach the data protection principles set out in the Data Protection Act 1998. Where these low numbers link to calculation of the offer rate that number is replaced with *

Figures are given for:

- Applications: the total number of applications;
- Offers: the number of offers;
- Acceptances: the number of applicants who firmly accepted an unconditional offer (UF) and were expected to enter the University;
- Offer Rate: the percentage chance of an offer being made against an application
