

Biomedical Sciences Health and Safety Training Matrix

Staff Category	Training courses													
	Induction	H&S for Supervisors	H&S Awareness	Fire Safety Awareness	Lab Animal Allergens (LAA)	Manual handling	CoSHH	Intro to Biosafety	GM	Transport of infections Substances	Radiation Safety	Display Screen Equipment*	Defensive driving	Lab Gases
HoS/HoI					++++	++++	++++		++	++++++	0000		++++	+++
Superintendent					++++	++++	++++		++	++++++	0000		++++	+++
PI's					++++	++++	++++		++	++++++	0000		++++	+++
Research Staff		++++			++++	++++	++++		++	++++++	0000		++++	+++
Technical Staff		++++			++++	++++	++++		++	++++++	0000	+++++	++++	+++
Postgraduate Students					++++	++++	++++		++	++++++	0000		++++	+++
Admin/Clerical staff		++++				++++								
Cleaning Staff						++++								
Honours Students**												+++++		

		Mandatory		Mandatory for Radiation workers
+++++++ +		If work/Risk Assessment requires it		00000

Specialist training also available for all staff nominated with extra safety duties such as Fire Stewards and First aiders

* DSE training is an online self-assessment (workstation assessment plus). 'Laboratory ergonomics' and 'Student Ergonomics' are also available as online assessments

** Honours Students get safety talk prior to starting projects but must also receive local lab induction.

Contact Safety office on 511697 for information on booking or any other aspect of H&S training
