Walking
Edinburgh is a great city for walking. Within the city centre you can reach almost any location in under 30 minutes. Edinburgh has many parks and green spaces to explore.

Our Accessible – UoE app (available on the App Store) has information about the accessibility of our campuses and buildings.

www.ed.ac.uk/walking

Cycling
Cycling is often the quickest way to travel and it’s great for the environment and your health. There are many traffic free cycle paths and Quiet Routes to explore.

The University supports cycling by offering:
• Bike parking, shower facilities and emergency bike repair kits at every campus
• Free bike maintenance from Dr Bike
• Led bike rides
• A Cycle to Work Scheme for staff
• A Bike Buddy scheme that lets you ride alongside experienced cyclists

www.ed.ac.uk/cycling

Driving
If you need to drive, consider:
• Car sharing using the University’s Tripshare scheme
• Going electric – the University provides charge points for electric vehicles
• Using Park & Ride – facilities are provided close to the City Bypass with high frequency public transport connections
• Hiring a car using Enterprise Car Club. The scheme has vehicles around the city, for short term rentals

Parking on campuses is limited and requires a permit.

Public Transport
Edinburgh has excellent public transport services that include buses, trams and trains, and all University sites are well connected by bus routes.

A shuttle bus will be operating between Central Area and King’s Buildings in the 2019/2020 academic year to serve the academic requirements of staff and students.
