### Welcome to the School of Economics Student Newsletter

29 May 2014

There is a big cycling event going on in the Grassmarket today. The men's Pearl Izumi Tour Series and women's Matrix Fitness Grand Prix Series are both taking place in the city for the first time, and multiple Olympic and World Champion Sir Chris Hoy will be there.

There are also kids' events, youth races and amateur races - this photo was taken just after the event started, I expect it will be much busier later.

## FreshLook - inside investment banking

FreshLook is an internship event for female students in their first year of a 3-year course, or in their first/second year of a 4-year course, who are interested in a career in investment banking.

The event is being held on the 8th July in Central London. We have 10 banks on board in total, including Barclays, Goldman Sachs and J.P. Morgan. For more information and an agenda for the day, please take a look at our [website](#).

The banks are keen to attract interest from students studying all degree disciplines, not just finance-related degrees.

This is a great opportunity for students to get in front of potential employers. The event which is now in its fifth year, has proved to be extremely successful. Indeed over 100 students attended the event last year and almost a sixth of these were made an internship offer.
