

OCCUPY HUTTON CLUB

A protest against the continued melting of the Greenland Ice Sheet, somehow obviously caused by banker bonuses (and they kill polar bears for fun)

Guest speaker:

**Dr. Santiago de la Peña
(University of Edinburgh)**

‘Estimating snow accumulation, melt and seasonal densification above the equilibrium line of the Greenland Ice Sheet’

Friday 28th October, Old Library, 4-5pm.

**Featuring Stewart Ale No. 3, wine and snacks.
Bring your own tent**
