

# The Hutton Club...

Friday 13<sup>th</sup> October

What do they put in that Irn-Bru?

Isn't football great! Where else could one mix with such a large number of professionals who turn into foul-mouthed thugs at the mere sight of the French?

That's no way to talk about the Scotland team... They're usually anything but professional!

**Dr Ben Brock**

**'The impact of volcanic activity on glacier mass balance in southern Chile'**

**4pm – Old Library, Geography**

Half-time refreshments – tennants and chips. Deep fried mars bars available on request.
