

The Hutton Club

Friday 21st June

Dr. Dimitri Lague

Géosciences, Université de Rennes

I am not able to attend the **Hutton Club** this week. However, thanks to the NSA, I have already seen all the slides, listened to a preview and even had a cheeky taste of the beer!

Modelling long-term mountain river dynamics: is the devil in the details?

4pm – Old Library, Drummond St

Refreshments will be provided, subject to clearance from GCHQ

#HuttonClubSpyScandal
