Dissertation

- Through the completion of **a piece of individual research**, the student develops a deep understanding and level of analysis of theories and process as related to organisations and the broader business environment.
- **Client Sourced Dissertation (CSD)** - student carries out an authoritative piece of work on a business or management issue identified by a project client.

Benefits:

- Exposure to a real-world project as defined by a company's business needs
- Enhances technical skills while further developing transferable skills
- Gain an insight into the sponsoring company
- Opportunity to network and raise your profile
- Enhances employability and adds to your CV

Engage with local and global industry

- Guest speakers, workshops, and seminars
- Alumni panels
- Group consultancy projects
- Client Sourced Dissertation
- Industry memberships and accreditations e.g. CFA, ACCA, CIMA, CBI
- Employability & Careers Expo
- Treks (visits to companies whether locally or further afield. Recent visits included locations such as London and Berlin)

Masters of Change

We are proud to share the inspiring stories of our alumni and to continuously expand this international network of graduates making change in their fields.

MSc Finance and Investment

Tracy Yau MSc

Strategy Consultant, Accenture

MSc Finance, 2018

“My Masters degree gave me both analytical and soft skills to handle complex projects. I am able to engage with colleagues and clients with high adaptability and flexibility ... and digest a huge amount of information into insights for various senior stakeholders.”

MSc Accounting and Financial Management

Pitchayamon Vanichpipat MSc

Audit Senior Manager, EY UK

MSc Accounting and Finance, 2020

“Professionally, my degree enabled me to shift from a purely technical role to a more strategic and impactful position within accounting and finance. Personally, the experience of studying and living in a new country broadened my cultural horizons and enhanced my adaptability.”

MSc Finance, Technology and Policy

Weitao Li MSc

Senior Technology Consultant, EY

MSc Finance, Technology and Policy, 2021

"I view fintech as a transformative force in the contemporary economy and aspire to acquire the most current insights in this field. UEBS stands out as one of the pioneering British universities providing an interdisciplinary programme with a dedicated focus on fintech, making it the ideal choice to align with my career aspirations."
