## Programme description

This innovative programme offers the best of studio-based design learning and provides opportunities for you to develop skills and insights in the creative use of design practices and technologies for digital media across a range of uses and platforms.

You will:

- acquire wide skills in creative digital techniques
- investigate practice contexts for application across the arts, entertainment, performance and industry
- probe the social, cultural and commercial implications of such developments
- work together, and with colleagues across the world on the online counterpart of this programme, to realise imaginative design outcomes.

Interested in studying Design and Digital Media but need more flexibility?

MSc Design and Digital Media - 1 Year (Full-time)

Select your start date Apply

MSc Design and Digital Media - 2 Years (Part-time)

Select your start date Apply

## Application deadlines

Due to high demand, this programme operates a gathered field approach to admissions, with two application deadlines as noted below.

Each application round has a decision deadline, also listed below, but note that we may make offers to the strongest candidates on an ongoing basis, in advance of the published decision deadline.

We strongly recommend that you apply as early as possible, especially if you intend to apply for funding. Applications may close earlier than published deadlines if there is exceptionally high demand. If you are considering applying for our pre-sessional English Language programme, please make sure you apply in Round 1.

Please note that for an application to be reviewed, it must be a complete application by the deadline with all supporting documentation uploaded, including references and transcripts. English language documentation can be submitted later but if you have already met the English language entry requirements for your programme at the time of application, your application may be considered more competitive in selection than applications where an English language test still needs to be taken.

## Applying

Select your programme and preferred start date to begin your application.

MVetSci Advanced Clinical Practice (Online Learning) (ICL) - 6 Years (Part-time Intermittent Study)

Select your start date Apply

## Selection deadlines

Round	Application deadline	Places awarded by
1	13 January 2025	17 April 2025
2	29 May 2025	30 June 2025

## Deadlines for UK/Scotland fee status

After Round 2, if there are still places available, applications will remain open only to applicants who are eligible for the UK/Scotland fee rate, including the EU/EEA Pre-settled Scotland fee status. Applications will remain open no later than 30 June 2025 and may close earlier than this if the programme becomes full, so we strongly recommend you apply as soon as possible.

If you apply with another fee status after 29 May 2025, your application will be rejected.

(Revised 18 October 2024 to add application deadlines and selection process information)
