Introduction

This guide covers key tasks in the 'How to Manage Time Cards' system process. It is related to the Process User Guide for Time Recording which is linked below.

[Guide to Time Recording](#)

The Guide to Time Recording includes further detail on the business process around Time Cards including glossary terms and an explanation of roles involved in the process.

The Timekeeper role has been created to allow administrators to monitor and intervene in the Time Card process if and when necessary. It is not mandatory for Timekeepers to be involved but they may wish to be to ensure data quality and completeness.

Time Cards must be submitted and fully approved/submitted by Line Managers or Timekeepers by the 10th of the month for payment to the employee on the 28th of that month (except for December when the cut off will be earlier).

Once the Time Card has been approved/submitted for payment, the Payroll team have further work to undertake, including data loads and checks, before the Time Card is 'transferred ready for payment', which takes place on 20th of the month for payment to the employee of the 28th of the month.

Viewing approved/submitted Time Cards

Employees, line managers and timekeepers can view Time Cards, which have been approved /submitted for payment to Payroll at any time, including the time between approval/submission and the time at which Payroll transfers the hours as ready for payment.

It is vital however, that once you have viewed the Time Card, you press the 'Cancel' button. By cancelling, you will exit out of the screen without changing the status of the Time Card and the Time Card will be paid as expected. If the user exits the screen by pressing the 'Submit' button, the Time Card status will change back from approved to submitted and will go back through the approval workflow, even if there has been no change made to the record. This will prevent the Time Card from being paid as expected.

Editing a Time Card

If the employee, line manager or timekeeper **edits** a Time Card, between 11th and 20th inclusive of each month, the full Time Card will need to go back through the approval workflow. If the Time Card is not re-approved, this will prevent the original hours on the Time Card, which had previously been submitted/approved, from being transferred for payment as originally actioned. Such edits and approvals, during that time, would also mean that the hours originally approved for payment in that month would have effectively missed the deadline for payment in that month.

Therefore, a Time Card freeze on editing between 11th and 20th inclusive of each month has been put in place (apart from December when this will be earlier). Please note, the system will not prevent you from editing in this period, therefore please take care. **This means employees, line managers and timekeeper must not edit Time Card which has been approved before it has been transferred for payment.** For example, January Time Cards approved/submitted by cut-off on 10th February, should not be edited between the 11th and 20th February inclusive to ensure payment on 28th February.

Please review the [Pay Dates and Deadlines](#) webpage for Time Card submission deadlines.

Generating a Time Card on Behalf of an Employee

Timekeepers have access to input Time Cards for employees. It is only possible for a Timekeeper to enter one Time Card at a time; there is no bulk load functionality. All employees have access to input Time Cards via self-service and should be encouraged to do so.

If a Time Card is rejected by the Line Manager, the employee or timekeeper will be able to amend this and resubmit before the 10th of the month, without starting the entire process again.

Timekeepers can 'save' a Time Card throughout the month and submit once all time has been entered and by the last day of the month. Alternatively, it can be saved (rather than submitting) if you wish to input time throughout the month. Managers receive emails or in-system notifications to approve a Time Card that has been submitted by an employee. However, they do not receive emails or in-system notifications to approve a Time Card that has been submitted by a Timekeeper.

An employee can save a Time Card (instead of submitting) to allow timekeepers to review, edit and submit on their behalf. If a school/department would like their employees to do this, they will need to communicate this to ensure employees know before submitting any Time Cards. Likewise, a timekeeper can enter and save a Time Card to allow someone else (another timekeeper) to double check before it is resubmitted and flows through the process to payroll.

It is not possible to submit a Time Card with a negative number of hours on it. If you need to do this because an employee has previously submitted too many hours and they have been overpaid, you will need to go back to the month which had the overpayment and edit this to reflect the correct amount.

If the employee is ending their employment with the University, the Time Card must be submitted **before** their last day of employment, to make sure that they are paid correctly. In exceptional circumstances, where the line manager/ timekeeper has been unable to do this, the [Guaranteed Hours – Final Time Card form](#) should be completed.

In Brief

This section is a **simple overview** of how to navigate and take action within Time Cards and should be used as a reminder. More detailed information, screen shots and tips s provided within the In Detail section.

How to Generate a Time Card on Behalf of an Employee

1. From the Homepage, under the **My Client Groups** tab, click **Show More** at the bottom of the Quick Actions.
2. Under the **Time** section, choose from **Add Current Time Card**, **Add Other Time Card** or **Team Time Cards**.
3. For Team Time Cards: click the Add button (+).
4. Search for the employee you wish to add a Time Card for or select one of your direct reports (if you have any).
5. For Add Current Time Card: The Time Card for the current month will appear.
6. For Add Other Time Card and Team Time Cards: Click **Add** to create a time entry. Enter the start date of the Time Card and click Add.
7. Complete the relevant fields and click the **Save** button if you have more hours to input for that month, or the **ellipsis button** (3 dots) then **Submit** if you have entered all of the relevant hours for the employee.

How to resubmit an employee's Time Card to pass it on to Payroll

1. From the Homepage, under the **My Client Groups** tab, click **Show More** at the bottom of the Quick Actions
2. Under the **Time** section, click **Team Time Cards**
3. Remove the default **Date Range** filter (two weeks).
4. Click on the **Relative Range** filter and select period.
5. Search for employee or select from list.
6. Click on the **blue text** next to the employee's name to open the Time Card.
7. Check the dates of the Time Card are for the correct period.
8. Click on the **ellipsis button** (3 dots) then **Submit**.
9. If you want to edit the Time Card, amend the relevant fields.
10. If you want to reject it, add a comment and click on **the ellipsis button** (3 dots) and **Save and Close**. Contact the employee to let them know that they need to correct the Time Card as per your comments, as the system will not notify them.

How to set up a saved search (filters in Team Time Cards)

1. From the **Team Time Cards** app, select all of the filters that you would like to have within your search.
2. Click on the **bookmark icon** to set your current filters up as a saved search.
3. Click on **Create a Search**.
4. Give your search a name in the **Create a Search** field. If you want to set the saved search to appear every time you go in to Team Time Cards, ensure that the **Mark as default** box is ticked. Click **Save and Apply**.
5. When you go back in to the bookmark icon, the search you have created will appear on the drop-down list under **Select Saved Search** so you can easily select this each time you visit this page (if you have not chosen to set it up as your default). You can also edit or delete the saved search by selecting it and clicking **Actions > Edit** or **Delete**.

How to change the order of columns in Team Time Cards screen

1. From the Homepage, under the **My Client Groups** tab, click **Show More** at the bottom of the Quick Actions.
2. Under the **Time** section, click **Team Time Cards**.
3. Click on the **Columns** icon.
4. Drag and drop each of the columns to suit your preference.
5. You can also choose to hide or unhide columns of your choice by ticking or unticking the box beside the column name.
6. Click on the close button to view your changes.

How to Export Team Time Cards

Please ensure that any downloaded reports are stored in accordance with the University's [Data Protection](#) and [Records Management](#) guidance.

1. From the Homepage, under the **My Client Groups** tab, click **Show More** at the bottom of the Quick Actions.
2. Under the **Time** section, click **Team Time Cards**.
3. Click on the **Export** icon on the right hand side of the screen. This will export all of the data in the table below the search bar.

The data will be exported as a Microsoft Excel file in to your downloads folder (please note, this may differ slightly depending on your browser).

In Detail

This section provides the detailed steps and includes relevant screenshots from the system.

How to Generate a Time Card on Behalf of an Employee

1. From the Homepage, click the **My Client Groups** tab. Scroll down and at the bottom of the **Quick Actions**, click **Show More**.

2. Scroll down until you see the **Time** section, there are three options for creating a Time Card:
 1. **Add Current Time Card** – this option will take you to the Time Card for the current month you are in.
 2. **Add Other Time Card** – this option will allow you to add a Time Card for either the month you are in or for previous months. Any Time Cards added for previous months will be reflected in the following month's pay.
 3. **Team Time Cards** - this option will allow you to add a Time Card for either the month you are in or for previous months. Any Time Cards added for previous months will be reflected in the following month's pay.

Via Add Current Time Card

3. Select the **Add Current Time Card** tile.
4. Click on the **Assignment Status** filter under the search bar and select **Active – Payroll Eligible** (do not select Inactive – Payroll Eligible as you cannot add a Time Card for an inactive employee).
5. Search for the employee you wish to add a Time Card for either by their name, Person

Number, or Assignment Number. Alternatively, select from the list below the search bar. To open the Time Card, click on the Period Start Date (blue text) next to the employee's name.

You can also filter by Personal Job Title or Worker type – Employee (**do not** use Contingent Worker, Pending Worker to Non-Worker).

- Complete the relevant fields by double clicking in each cell to activate the drop-down menus.

Assignment Number – Mandatory field with a drop-down menu that refers to the employee's work assignment (job). Double click in the cell to see the drop-down menu and select the correct assignment. If they only hold one assignment with the university this is normally their employee number. If they hold multiple assignments, each assignment has a number (normally their employee number with e.g., a – 2 or 3 etc. at the end). Please ensure you use the correct number to ensure they are paid at the correct rate of pay.

Note: if you don't think the correct position is visible or the incorrect details, it could be due to the short delay in scheduling job with add assignment or change of line manager. Please wait a couple of hours and try again.

Work Category – Optional field that contains a list of values that refer to the type of work done. Please complete this wherever possible. Full list is as follows:

- Demonstrating
- Development
- Lecturing
- Marking
- Maternity/Parental
- Other Absence
- Other Work Types
- Preparation Time
- Research
- Sickness
- Teaching

- Tutor: Honours
- Tutoring

Portfolio – Optional field that contains a list of values that refers to buildings where the work has been undertaken. This will only be applicable to non- academic positions, such as catering staff. Please complete this wherever possible.

Alternate Rate – Optional textbox that is to be used ONLY on the occasion that the employee completes work where they would be paid at a different rate to their normal rate of pay. The value should be entered as numeric value with 2 decimal places, e.g., enter 10.00 to be paid £10 per hour.

You should only use this field if it has been previously agreed that the work done is to be paid at a rate that is different to the normal contracted rate of the employee's assignment. Otherwise, leave it blank. Refer to the part time [pay scales on the university website](#) to convert a grade and scale point to a numeric value.

Periodicity – Auto-filled field with 'Hourly'.

Job – Auto-filled field based on Assignment Number.

Department – Auto-filled field based on Assignment Number.

Analysis – With additional information this may be used for local reporting.

Fund – This field only needs completed if costs are to be allocated to different codes from the employee's assignment, e.g., General unrestricted.

Time Type – Mandatory field. Refers to the type of hourly based payment to be made. Only the time types that the employee is eligible for will appear in the drop-down menu. The full list as follows:

- Additional Hours
- Call Out
- Guaranteed Hours
- Intern Hours
- Overtime x0.5
- Overtime x1
- Overtime x1.2
- Overtime x1.5
- Overtime x2

day for all assignments is shown at the bottom of the Time Card.

Similarly, if some of the hours need to be charged to a specific course code, costing codes or a different time type these can be recorded on the row(s) below (e.g. if you have worked 5 hours of overtime, you would record the first 2 hours in row 1 using the Time Type 'Overtime 1.0' and the remaining 3 hours in row 2 using the Time Type 'Overtime 1.5').

10. Comments can either be added to the overall Time Card or for a specific day within the Time Card:

- a) To add a comment to the overall Time Card, right click on the time period dates field and select **Add Comment**. Click **Save**.

The screenshot shows the University of Edinburgh Time Card interface. At the top, there's a header with the university logo and name. Below it, a navigation bar includes a 'Demonstrator' button and a 'Time Card Period 1/05/2025 to 31/05/2025' field. The main area is a table with columns for Assignment Number, Work Category, Portfolio, Alternate Rate, Periodicity, Job, Department, Analysis, Fund, Time Type, Course Codes, Cost Centre, and Quantity. The first row shows a quantity of 2.75 for Thursday, May 01. The 'Add Comment' option is highlighted in the context menu for the date range field.

- b) To add a comment to a specific date on the Time Card, right click on the hours you have entered for that day and select **Add Comment**. Please note, you cannot add comments to blank fields. Click **Save**.

Monitoring Timesheet Data Entry and Submission

Timekeepers will not receive any system generated notifications or email in regard to Time Cards.

Timekeepers can edit Time Cards however, Approved Time Cards should only ever be edited if there are extra hours to be added to it, i.e., if someone forgot to submit all of their hours for the previous month(s). You can also edit a Time Card after it had been rejected by Payroll.

If an employee saves a Time Card instead of submitting it, this will allow Timekeepers to review, edit, and submit it on their behalf. If a school/department wishes for their employees to do this, they will need to communicate this in advance.

Likewise, a Timekeeper can enter and save a Time Card to allow someone else (another Timekeeper) to double check before it is submitted and flows through the process to payroll.

If a Time Card is submitted then rejected by the approver, the employee will receive a notification of this. This same Time Card can be amended and resubmitted by either the employee or the Timekeeper without starting the process again but must be submitted to payroll by the 10th of the month.

If a Timekeeper becomes aware that a Time Card has been approved but it has errors in it, they can ask the line manager or employee to delete the Time Card then they can start the process again.

Note: Time Cards should never be deleted if the employee has already been paid for the time. If the Time Card has the status 'Approved' this means it has already been through payroll approval and may have already been processed for payment. In this situation Timekeepers may need to contact Payroll by submitting an SR to the Help Desk.

Timekeepers should closely monitor Time Cards in the period 1st to the 10th of the month, to identify Time Cards for the current month with the status 'submitted' as this indicates that the manager or timekeeper still need to approve/ submit the Time Card. The timekeeper should check and submit these for payroll processing if appropriate by the 10th of the month.

Once the line manager or timekeeper has approved/submitted the Time Card and the payroll steps have been completed, the status will be "approved". It does not matter which order the approval steps occur.

Timekeepers will need to resubmit an employee's Time Card. This is because there is no way of filtering on which ones have just been submitted by the employee and which ones have also been approved by the line manager, as they will show as a status of submitted in both these situations. To ensure ALL Time Cards have been approved and passed onto Payroll you must follow the steps in the

next section - [How to resubmit an employee's Time Card to pass it on to Payroll](#) to resubmit the Time Cards.

Viewing Approved/Submitted Time Cards

Employees, line managers and timekeepers can view Time Cards, which have been approved/submitted for payment to Payroll at any time, including the time between approval/submission and the time at which Payroll transfers the hours as ready for payment.

It is vital however, that once you have viewed the Time Card, you press the **'Cancel' button**. By cancelling, you will exit out of the screen without changing the status of the Time Card and the Time Card will be paid as expected. If the user exits the screen by pressing the 'Submit' button, the Time Card status will change back from approved to submitted and will go back through the approval workflow, even if there has been no change made to the record. This will prevent the Time Card being paid as expected. The system is working as designed, but those previously approved hours will now require another approval – in time for the next available payroll date - before they are paid.

If the employee, line manager or timekeeper edits a Time Card, between 11th and 20th inclusive of each month, the full Time Card will need to go back through the approval workflow. If the Time Card is not re-approved, this will prevent the original hours on the Time Card, which had previously been approved from being transferred for payment as originally actioned. Such edits and approvals, during that time, would also mean that the hours originally approved for payment in that month would have effectively missed the deadline for payment in that month.

Therefore, a **Time Card freeze** on editing between 11th and 20th inclusive of each month is in place (apart from December when this will be earlier). This means employees, line managers and timekeeper **must not** edit the approved Time Card before it has been transferred for payment. For example, January Time Cards approved/submitted by cut- off on 10th February, should not be edited between 11th and 20th February inclusive to ensure payment on 28th February.

How to resubmit an employee's Time Card to pass it on to Payroll

1. From the Homepage, under the **My Client Groups** tab, click **Show More** at the bottom of the Quick Actions.
2. Under the **Time** section, click **Team Time Cards**.
3. Remove the default **Date Range** filter (two weeks) by clicking on the cross.
4. Click on the **Relative Range** filter and select a period (Select Previous Month, Previous 3 Months or Previous 6 Months. Alternatively, you can select a specific time period using the **Date Range** filter).
5. Click on the **Status** filter and select **Submitted**.
6. You can use other filters to refine your search further.
7. Search for the employee by their Name, Person Number or Assignment Number or select from the list below the search bar. To open the Time Card, click on the Period Start Date (blue text) next to the employee's name. Ensure that you open the Time Card for the correct date.
8. Click on the **Comments** icon to check whether the employee has added any comments to the Time Card.

<

9. Check that the dates of the Time Card are for the correct period.

Assignment Number	Work Category	Portfolio	Alternate Rate	Periodicity	Job	Department	Analysis	Fund	Time Type	Course Codes	Cost Centre	Thu, May 01	Fri, May 02	Sat, May 03	Sun, May 04

10. To **edit** the Time Card, overwrite the relevant fields (please note, if you edit the hours and press submit, you must leave and return to the app in order to see the updated hours).
11. If the employee has entered hours for multiple assignments across different departments, you must check with the timekeepers (offline) in the relevant areas before approving or rejecting the Time Card. Once one of the timekeepers in one of areas has pressed Submit, approval will be given to **all assignments** listed on the Time Card and it will be sent to Payroll for payment.
12. If you want to reject the Time Card, you can click on **Save and Close**. **If you are rejecting it, make sure you add a comment** as to why, and contact the employee (offline) to let them know so that they can rectify it.
 - a) To add a comment to the overall Time Card, right click on the time period dates field and select **Add Comment**. Click **Save**.

How to set up a saved search (filters in the Team Time Cards app)

It is possible to set up saved searches on Time Cards if you have certain criteria you want to look out for on a monthly basis.

1. From the Team Time Cards app, select all of the filters that you would like to have within your search.
2. Click on the **bookmark icon** to set your current filters up as a saved search.

3. Click on **Create a Search**.

4. Give your search a name in the **Create a Search** field (it won't appear for anyone else, it's just yours). If you want to set the saved search to appear every time you go in to Team Time Cards, ensure that the **Mark as default** box is ticked. Click **Save and Apply**.

The screenshot shows the 'Team Time Cards' interface. On the right, the 'Saved Searches' sidebar is open. The 'Create a search' section has a text input field containing 'Submitted Timecards in Estates'. Below this are checkboxes for 'Enable sharing' and 'Mark as default'. The 'System Settings' section has checkboxes for 'Enable as system search' and 'Mark as system default'. At the bottom of the sidebar are 'Cancel' and 'Save and Apply' buttons. The main area shows a table with columns: Person Name, Period Start Date, Period End Date, Status, Reported Hours, Scheduled Hours, Absence Hours, Total Hours, and Submission Date. A single row is visible with values: [checkbox], [icon], 1/03/2025, 31/03/2025, Submitted, 3, 79, 0, 3, 6/03/2025.

Person Name	Period Start Date	Period End Date	Status	Reported Hours	Scheduled Hours	Absence Hours	Total Hours	Submission Date
☐ [icon]	1/03/2025	31/03/2025	Submitted	3	79	0	3	6/03/2025

5. When you go back in to the bookmark icon, the search you have created will appear on the drop-down list under **Select Saved Search** so you can easily select this each time you visit this page (if you have not chosen to set it up as your default). You can also edit or delete the saved search by selecting it and clicking **Actions > Edit** or **Delete**.

Note: Different filter views will appear depending on whether you access them as a manager or as a timekeeper (if you hold both of these roles).

How to change the order of columns in Team Time Cards screen

1. From the Homepage, under the **My Client Groups** tab, click **Show More** at the bottom of the Quick Actions.

2. Under the **Time** section, click **Team Time Cards**.

3. Click on the **Columns** icon.

4. Drag and drop each of the columns to suit your preference.

5. You can also choose to hide or unhide columns of your choice by ticking or unticking the box beside the column name.

6. Click on the close button to view your changes.

Note: Making these changes are only temporary and will restore to default once you leave the Team Time Cards screen.

How to Export Team Time Cards

Please ensure that any downloaded reports are stored in accordance with the University's [Data Protection](#) and [Records Management](#) guidance.
