

Happy Holidays from the CARE team. 2022 has been a great year for CARE and we want to continue this momentum into 2023. Thank you to all our colleagues.

Trial office holiday closure dates

The trial office will be closed from **Monday 19th December 2022 to Thursday 5th January 2023.**

Thank you for your support in 2022. We hope that you have a restful break between shifts over the holiday season and return refreshed in 2023!

Screening and recruitment activity

- **48 participants randomised**
- **20 sites have screened**
- **4 sites still to start screening**

Reminder: Six-Month follow-up

1. All six-month follow-up visits should be performed in person **6 months (\pm 1 month) after randomisation** as per the study protocol. Any clinical outcome events which have occurred following randomisation should be recorded on the study database.
2. The six-month repeat brain MRI scan should also be performed **within 5 to 7 months after randomisation**.
