Action	Supporting information
Familiarise yourself with the details you will need prior to a meeting or hearing.	Liaise with the manager involved or the HR Partner to get the details of names, job titles, acronyms, technical terminology etc. that are likely to be discussed so that you will be familiar with them.
The Meeting or Hearing	<p>Take notes during the meeting/hearing to capture the discussion. If you need to you can ask for clarification if a name or term is used that is unfamiliar to you and you did not hear it or need help with spelling.</p> <p>Generally you do not speak during the meetings/hearings.</p> <p>After the meeting/hearing ask if you need to check any details with the manager leading the meeting/hearing.</p>
Draft the notes	<p>Type up the notes of the meeting/hearing as soon as possible after the meeting, normally within 2 working days. Notes will be a summary not a verbatim account.</p> <p>Send the notes to the manager who led the meeting/hearing and check their accuracy. Amend as necessary.</p> <p>Agree who will send out a copy of the notes. They may be sent out by the Chair or the HR Partner.</p>
