Assessment

Assessment is based only on the submission of your dissertation.

There are no taught elements, and no other assessment components!

But remember that you have the support of your research group when preparing this document.

Milestones

This may sound a little daunting!

The year is organized around a number of milestones to help you keep on target for the completion of your degree.

- Providing formative feedback
- Helping you find your academic voice

Transferrable skills

As a student of the University of Edinburgh there are many opportunities available to you!
