¹ "Health care professional" (e.g. Doctor, Dentist, Nurse, Radiographer, Dietician, Physiotherapist or Psychologist) means a person who is a member of a profession regulated by a body mentioned in [section 25\(3\)](#) of the National Health Service Reform and Health Care Professions Act 2002.

² "Health care" includes all forms of health care provided for individuals, whether relating to physical or mental health and also includes palliative care and procedures that are similar to forms of medical or surgical care but are not provided in connection with a medical condition.

³ "Regulated activities" with adults (includes all NHS patients) are detailed in [Schedule 3](#) and regulated work with children in [Schedule 2](#) of the Protection of Vulnerable Groups (Scotland) Act 2007

⁴ A "direct bearing on the quality of care" suggests that the actions of researchers could foreseeably directly affect the type, quality or extent of prevention, diagnosis or treatment of illness or foreseeably cause injury or loss to an individual to whom the organisation has a duty of care.

⁵ An **Honorary Non-Clinical Contract** will be required when the contact with patients/ patient data is not in relation to medical research, or no approved R&D study is involved.

- R&D will require a copy of the persons GCP certificate if they are working on a CTIMP study. They will request that when required.

⁶ An Honorary Research Contract will be issued if access to TRAK is required

⁷ Working with anonymised tissue in a University lab does not require anything from the NHS but there may be UoE requirements to adhere to.

⁸ NHS premises do not include private GP practices.

⁹ This only applies to staff who are not researchers, are not working on research projects, and where no part of the duties of their job description requires access to patient data, and the access is merely incidental.
