Hiring Manager Guide - How to schedule and manage Candidate Managed Interviews

Hiring Manager/ School/Department Administrator

Hiring Managers will access their requisitions via My Team, School/Department Administrators and will access requisitions via My Client Groups.

All interviews must be created from the template in People and Money. The benefit of this is that standard information can be populated for all interviewees before the schedule is created or individual invites are sent.

There are two types of interviews:

- **Hiring Team Managed** (where a specific interview time and date is sent).
- **Candidate Managed** (candidates choose a time from interview slots that have been set up).

Each interview type has different templates for the following interview formats:

- In Person
- Phone
- Web conference

This guide covers How to schedule and manage candidate led interviews. For details of how to set up Hiring Team Managed interviews please refer to the guide ‘How to schedule and manage hiring team managed interviews’.

Before scheduling interviews ensure the candidate's status (phase and state) matches the stage they have reached, for example: **Phase** (Interview) and **State** (1st interview to be scheduled).

It's suggested to set candidates to '1st Interview to be Scheduled' before arranging interviews and update to 'Interview Scheduled' once confirmed. More information on recruitment phases and states is available in the Recruitment and Onboarding guide.
If the candidate cancels their interview and does not plan to reschedule, the state should be updated to 'Withdrawn by Candidate'. Candidates can also withdraw applications themselves, hiring teams would receive a notification.

Once a candidate has been moved to the interview phase a report will be sent to the recruiter listed on the requisition via email to provide the reference details submitted upon application. This is currently limited to 2 references only and is sent the following day at 8am.

</tr>
</tbody>
</table>
Confirmation will display on screen that the template details have copied to the schedule

6. The **Schedule Title** will auto-populate with the name of the template selected. Amend this to something more meaningful if you are setting multiple interview templates for the same requisition e.g. you may wish to add the date of the interview DD/MM/YY at the end. The **Schedule Owner** will default to the person creating the schedule (note blank below but will display a name) and is a required field, this can be amended here or later if required, then select **Continue**.

7. Add appropriate **Location Details**. Then click **continue**
For In-Person interviews you can enter an **Address** and any additional **Location Details** e.g. meeting room number or floor. To enter a university location, begin typing the building into the address field and select the option from the search options provided (see above).

**IMPORTANT:** The length of time selected here should cover the time between the interview being extended and the interview date e.g. if you have interviews in 3 weeks’ time the interview visibility should be at least 3 weeks.

c) It is possible to limit the amount of times a candidate can reschedule an interview using the options here as needed

d) Select/Deselect the **Candidates can't make last minute changes** checkbox as required. If this is selected, the **Hours before interview** field can be used to select the length of time before the interviews that changes will be unable to be made.

**Pre Schedule Section** - Enter any information to be sent to the candidate before they select their interview for example details of any pre work required before the interview e.g. prepare a presentation.

You can include extra info, like interview location directions, contact person on arrival, or web conference instructions. The text will be included in the interview invite email. An example of the interview invite template is included in the **appendices** for reference. Note this will be sent once the candidate has confirmed their time and date for the interview. This is also visible to the candidate in the candidate profile in People and Money, go to Me > **Current Jobs > Submitted Applications**.
10. Make changes to **Interview Documents** if needed. Then click **Save and Close**

Selecting **Include link to job posting** will send the hiring team a link to the published job board advert and job description details.
