How to Create and Manage a Job Offer

Hiring Manager and School/Department Administrator or Business Support

Estimated time to complete: 12 minutes

Please familiarise yourself with the Guide to Recruitment and Onboarding.

This guide includes the steps for how to create, redraft and extend a job offer to a candidate. A redraft may be required if the job offer is rejected by HR Operations, or if it is rejected by the candidate, but the steps involved are the same.

Only the recruiter, hiring manager or offer specialist within the offer team can submit/edit an offer, collaborators are no longer able to submit or edit the offer, this can be updated by the Recruiter by adding you as an Offer Specialist within the offer team.

Please do not download and edit an offer letter from the People and Money Offers page.

Please refer to the offer letter template library to select, edit and save your offer letter in PDF format (to avoid editing) prior to completing the on-system steps.

Uploaded attachments are separated into Candidate Facing which are made available to the candidate and stored in the new hire’s Documents of Record for future reference, and Internal Documents which are only visible to internal users e.g the recruiting team and HR Operations.

Please ensure that any position changes are made prior to the job offer being drafted.

You must add allowances (if applicable) to the Other Compensation section. If the allowance you need is not listed please add this to the comments and attachments section.

The Default Expense Account Code must be added for all pending workers. This enables users to submit any future expense claims. This will be captured within the approved Job Requisition Business Case Form.

You can track the progress of the approval for an offer once submitted, see the section below on Checking Offer Approval.

You can now copy a job offer where there are multiple or bulk offers to be extended. Please see the step by step details below.

Job offer initiators and approvers can also click the **See how it's going** link on these banners to see more details, for example viewing the whole offer or seeing who the next approver in line is. They can also take actions on the offer such as approving or withdrawing it from approval.

Banners are displayed when:

- An offer is submitted for approval.
- An offer approval is underway.
- An approver requested more info about the offer.
- The offer initiator needs to provide more info about the offer.

Banner for Offer Approval in Progress

Banners are also displayed on the job application's Details and Offer tabs when:

- An offer is extended
- An offer will be extended at a certain point in the future, if the selection process is configured to automatically extend job offers.
- There are any issues while trying to extend an offer.
- There are any issues while using the Move to HR action.
Copy Job Offer

This functionality can be used to help hiring teams process multiple or bulk offers quickly where the offer details are the same. Note that it is only possible to copy offers for external candidates (new hires and rehires), this functionality is not possible for internal transfers or additional posts.

Before you start

- You must start by creating one offer from the list of successful candidates
- All other application statuses should also be updated e.g. Rejected after interview
- Check that the number of openings on the requisition matches the number of offers you wish to copy. If more openings are required please send a Service Request using category ‘Advertising’ and title ‘Increase Opening on Req # xxxx’ to increase the number of openings before you continue, please attach the Job Requisition Business Case Form showing the approval of additional FTE. The system will flag an error if there is not enough openings.
- To copy an existing offer the person copying the offer must be part of the offer team for the first offer.
- It’s preferable to select a recent offer to copy because it contains active values. Older offers on this requisition may no longer be selectable, or if they have values that aren’t current anymore then the copying will be unsuccessful.

In Detail…

1. Create one offer from the list of successful candidates, following the steps above ‘Creating a Job Offer’ steps 1 to 16. The Job offer can be saved as a draft or can be submitted for approval.

2. Next, select the additional candidates that will also need an offer created
3. Click actions and copy offer

4. The next screen will show the candidates that have been selected. If you wish to remove any click the ‘X’

5. Under the Offers section:
   a) In the “Offer to copy from candidate” select the candidate with the offer that you wish to copy (as previously created).
   b) Select the **start date** for the new offers
   c) In the Name of Batch Offer Process field, you can use the default name for the batch offer process which includes the requisition number and the current date and time. Or you can set a new one. This name is useful for tracking all of these newly-copied offers on the Job Offers list.
   d) Select “Stay in draft state to edit new offers” – This is because the individuals offer letter will need to be attached
   e) Then click **submit**

Download Offer Details - If the user wants to check the offer details for the candidate the offer is being copied for they can click "download offer details". This will generate a PDF table of the offer details for the offer being copied (see the below example).
All of the content and attachments on their offer will be copied to create new job offers for the other selected candidates.

It's important to therefore ensure the “Stay in draft state to edit new offers” is selected so that the relevant candidate offer letter can be uploaded once the copy process has been completed.

6. Once the copy offer process has been submitted it will take a little while to process. You will be alerted when it is complete. You can also tell the process is complete because the Phase and State will change to Offer-Draft.

7. You must now attach each individual offer letter for each candidate. Follow the steps in the section ‘Editing a Draft Job Offer’, this also gives you an opportunity to check the offer details.

8. Once you are ready submit the offer for HR approval.

9. Once approved follow the steps to Extend the Job Offer.
What happens after submitting the batch copy offer process?

When you submit the Copy Offer action, here's what can happen:

- If the batch copy offer process is successful, all of the offer content and attachments on the offer are copied to create new job offers for the selected candidates.
- If there are warnings, the new offers still get copied.
- If there are errors, the batch copy offer process stops.

The table presents possible warnings and errors that can occur during the batch copy offer process.

<table>
<thead>
<tr>
<th>Warning or Error</th>
<th>Scenario</th>
</tr>
</thead>
<tbody>
<tr>
<td>Warning</td>
<td>The original offer letter was adjusted to include specific info about the candidate. You'll see a warning message asking you to update each new candidate's offer letter after it gets copied. Copies will then be created.</td>
</tr>
<tr>
<td>Error</td>
<td>The recruiter or hiring manager on the original offer is no longer working for the company. The batch copy offer process can't proceed. You'll see an error message asking you to select a different candidate's offer to be copied.</td>
</tr>
<tr>
<td>Error</td>
<td>The original offer has no salary amount or no offer letter, or the job requisition doesn't have enough openings left to accommodate all of the candidates selected (and you don't have the privilege Communicate Job Offer Ignoring Number of Openings).</td>
</tr>
</tbody>
</table>

In case of any failure, all of the selected candidates will likely have a partially-created offer but you will have to check the Errors section for each candidate's offer to see which regions' fields were unable to be copied. For example:

The Assignment section may not be filled out for all the new candidates if the original offer's assignment had a location or grade that's currently inactive.

The Other Compensation section may be empty for all the new candidates if they don't satisfy the eligibility profile or element eligibility for the original offer's Individual Compensation Plan.

These incomplete new offers will remain in the status Offer - Draft so that the missing values can be manually provided as needed, even if the option selected
when copying the offer was “Submit new offers for approval”. When each offer is edited to be complete, you can submit them individually for approval.

As soon as the batch copy offer process is finished, you may receive a notification if this was configured by your administrator. The notification indicates the number of offers that were successfully copied as well as the number of offers that failed, were skipped, or cancelled.

<tr>
<td>Per Year, Every Year for (use with open ended contracts)</td>
<td>The minimum hours to be guaranteed are to be the same minimum hours for each GH Period, indefinitely</td>
<td>- You need to send a GH refresh letter at the end of each GH period. - This option is usually used for open-ended assignments. - By selecting this option, from the outset of the contract, you are guaranteeing the employee the same minimum hours each year from the duration of the open-ended contract. This may be an issue if the demand for the work or budget available changes over time. - You do not need to tick the Annually reviewed box in the job offer Additional Information screen. - There is no need to send a GH refresh letter, but you should monitor the actual number of hours worked versus the minimum guarantee.</td>

<tr>
<td>Per Year/Every Year-Over Dura/FTC</td>
<td>The minimum hours to be guaranteed are to be the same for each GH Period for the full duration of the fixed term employment contract related to that assignment.</td>
<td>- Use this if you have a stable requirement for hours. - By selecting this option, from the outset of the contract, you are guaranteeing the employee the same minimum hours each year from the duration of the fixed term contract.
