Introduction

Before you start

This User guide is for both Line Managers and School/Department Administrators. Where the navigation differs additional guidance for the School Department Administrator has been added.

- Please review the end to end Guide to Sickness Absence (under the absence and leave heading)
- Please review the relevant HR policy for the absence type being processed and work within the guidelines stated. The HR absence policies can all be reviewed on the Leave and Absence Policies webpage.
- Periods of absence are subject to monitoring in line with the HR policy.
To support the Absence management policy the following three absence review reports have been developed as a management tool and will be emailed directly to the employee’s line manager. Managers will only receive an email if there is data to report.
  
  o Weekly Open Sickness Absences Report – all instances of sickness absence which do not have an Absence End Date on the day the report is run
  o Monthly Sickness Absence Review for 10 or More Intermittent Days in a rolling 12-month period
  o Monthly Sickness Absence Review for 3 or More Periods in a rolling 6-month period

If an employee has more than one assignment, all line managers for the employee will be sent the report.

The three reports have been developed as a management tool to allow managers to monitor and review attendance levels of staff and support staff health and wellbeing. It may not always be the case that action has to be taken on receiving one or more of the three absence reports. The information in the report should be reviewed and considered in line with the Absence Management Policy and Absence Management guidance for Line managers. Advice should be sought from your local HR Partner before taking any formal action.

The Absence review reports are also available through the Absence Report app in People and Money and can be run at any time. The reporting period will mirror the report sent to the line manager. Further details are available in the guide ‘How to view Absence Reports’.

The Open Absences Report will be sent each Monday, to line managers who have a direct report flagged as being off with sickness absence (e.g. currently have the open absence box ticked) in People and Money. If an employee has more than one assignment, all line managers for the employee will be sent the report. An open-ended absence must be closed off when the employee returns to work.

The Monthly Sickness Absence Review for 10 or More Intermittent Days in a rolling 12-month period will be sent on the first day of the month where a direct report meets the review point in the reporting period.

The Monthly Sickness Absence Review for 3 or More Periods in a rolling 6-month period will be sent on the first day of the month where a direct report meets the review point in the reporting period.

This user guide details the processes to add and manage absences for direct reports within the team.

Each absence type has a section to record comments. This should be completed with additional information as relevant. Please ensure that any notes added are kept professional and in line with GDPR regulations, noting that an employee can request to see any information that is held on the system for them.

Most absence types cannot overlap with each other. If this occurs, an error message will display on screen when the absence is submitted. This will
prevent the absence from being processed until the overlap has been resolved.

There is one exception to this: when a sickness absence is entered without an end date, future planned annual leave dates do not need to be deleted.

- If an absence period needs to be extended, please ensure to edit the existing absence instead of adding on a new one. This prevents multiple absences being reported for one event for sickness and monitoring purposes, which can lead to further issues with payroll processing.
- To cancel or amend an absence follow the guidance within the section below 'How to end an open sickness absence’

**Note:** The **Save and Close** button will save this absence in draft state only. Please ensure to **Submit** it once all the details have been added.

10. Following the recording of a sickness absence, the Line Manager will receive a notification with a checklist of actions to carry out. This will be accessible through the **Notification Bell** on the home screen. Actions will include:

- Read absence management policy
- Check review points/patterns of absence
- Rules around self-certification
- Rules around return to work
- Case Management for certain absences

**Note:** Where the absence is entered by a School Department Administrator, the checklist will still be sent to the individuals Line Manager to action. This is because it is the Line Manager's responsibility to ensure it has been carried out.

Where a sickness absence continues for less than 7 days but more than 4, an employee must supply a Self Certification for the absence, in line with the rules around Self Certification. For further details on this, please see the section, ‘**How to Add a Self Certificate for a Direct Report**’. Alternatively, for sickness that continues for over 7 days, the employee must provide a Fit Note. Please see the section of this
guide on, ‘How to Add a Fit Note for a Direct Report’ for further details on how to do this.
