THE UNIVERSITY *of* EDINBURGH
School of Economics

Dr Soledad Giardili is seeking a research assistant for a project on the labour market of teachers.

The anticipated project duration is six months, operating on a part-time basis (approximately 7.5 hours per week), with the potential for extension.

Salary grade UE06, Spinal Point 24. At the time of writing this equates to an hourly rate of £17.20 per hour plus a 12.07% holiday allowance.

Location: This role is remote, open to individuals located anywhere within the UK.

Responsibilities

Specific responsibilities include constructing and preparing data for analysis, conducting analysis in Stata and/or Python and presenting findings. Other duties will arise as needed. This position requires a high degree of independent judgement and presents opportunities for professional development.

Qualifications & Skills

- Education: A minimum of a bachelor's degree in economics, computer science, or a related field.
- Experience: A minimum of 2 years' specialized experience with quantitative data analysis and research methods.
- Skills: Programming skills, particularly around data analysis, cleaning, and simulations. Knowledge of Stata and/or Python to conduct analyses.
- Familiarity with labour economics, econometrics, and/or computer science.
- Communication: Proficiency in both written and spoken in English and **Spanish**
- Additional skills: Familiarity with Argentinean and Latin American context is preferred, though not necessary.
- Responsibility and Judgement: Deals with confidential information and/or issues using discretion and judgement.

How to Apply and Deadline

Interested candidates are invited to send an email to soledad.giardili@ed.ac.uk, including a CV and a brief statement outlining their suitability for the role. The deadline is Sunday, October 01, 2023, at 11:59pm BST.
