## Una Europa – Joint Bachelor European Studies

### University of Edinburgh Course List

As one of the participating universities within the Una Europa consortium, the University of Edinburgh is a mobility partner in the Joint Bachelor degree of European Studies.

The University of Edinburgh is offering the opportunity for students from the partner universities to study the following courses\* with us:

\*The courses listed are currently showing for the 2022-23 academic year on the course catalogue web links and until Summer 2023, we won't yet have the updated web links for 2023-24. This course list will be updated closer to the time of students' arrival in January 2024.

\* Due to an exceptional change of circumstances, regrettably, we are unable to provide a list of courses for the School of Law at this time, but we hope to have our Law offering for a minor in a years' time.
