View Course Enrolments via your Student Hub on MyEd

Visiting Students can view their course enrolments via their Student Hub on MyEd. However, this will only be available once a student record has been created and once your courses have successfully transferred over from the Applicant Hub. This is process is usually done much closer to the start of the semester.

Once a student record has been created for you, please view your course enrolments via the Student Hub on MyEd.

Most of your course materials will be provided through LEARN, the University's Virtual Learning Environment. But please be aware that **your LEARN page is separate to your actual course enrolments**. As these pages are manually updated by our colleagues in the School, the courses listed on your LEARN may not necessarily be an accurate list of your actual course enrolments.

You can view which courses you are enrolled in by following the instructions below:

1. Open and Login to MyEd (<u>https://www.myed.ed.ac.uk/myed-progressive/</u>):
